 - a. They should let only those players stand as umpires who have good understanding of the cricket rules and have shown good judgment on prior occasions.

- b. Captains are encouraged to report any major umpiring mistakes/ignorance occurred during their games to the organizing committee and if an umpire is found guilty, the umpiring team will be asked to not appoint that person as an umpire again during the tournament.
11. FAIRNESS AND TRANSPERANCY RULE -- NO PLAYER CAN PLAY on 2 or more TEAMS whatever the role can be.
- a. It is the Captain's responsibility to make sure none of his players have appeared for another team anytime during the season. No excuses for the Captain or the Player.
 - b. A Player cannot change teams during a season. Injury or illness will not be considered for this rule, as it is at the start of the game.
- a. **If the original player has not joined the team before the end of 10th over, he cannot bat or bowl or keep the wickets for remainder of the innings. However, he can field like any substitute player.**
 - b. Substitute players have to be chosen either from their own team or from any other non-playing teams. **Players from other teams in the current league are NOT allowed as substitutes.**

20. If the game has to end prematurely in knock out stages, fresh match to be played on another day. The teams can change their roaster. Please be prepared to play the rescheduled games on any day (weekdays also) and any time.
21. In case of a Tied game, points will be shared by the two teams in the league phase. In play offs the result will be decided by a super over. The super over rules will follow the international standard where the team that batted first during the match will bat second, a team can loose a maximum of 2 wickets and the bowling team will designate 1 bowler to bowl the super over. The team scoring more runs in the super over will win. If both the teams score same amount of runs in their super overs, the winner will be decided by a team hitting max number of 6's; if that again matches, winner will be decided by team hitting maximum no. of 4's. If none of the above decides the match, we shall be deciding the winner with toss.
22. The umpires will provide written report to the organizers on the teams' behavior and any team which is reported for misconduct will be reviewed by organizing committee and can be subject to penalties.
23. Only the captains are allowed to approach umpires in case of a doubt and discuss any on-field issues politely, however the umpires have the right to end the discussion at any point. No other player will be allowed to engage with the umpires.
24. It is the captains' responsibility to warrant fair play from their players. The umpires have the right to dismiss any unruly player(s) from a game, at which point the team will NOT be able to field substitute players. Also the dismissed player(s) may be punished by the organizing committee.

Section-5: Playing Conditions

1. Matches will be 20 overs a side max.
2. Each bowler may bowl a maximum of only one-fifth of the total overs per innings. For a full, uninterrupted match, this is 4 overs.
3. Matches will start at 8:00 am. Teams will get 80 minutes to bowl their quota of 20 overs. There will be a 10 minute break between the innings. There will be a 5 mins breaks at the end of the 10th over in each inning.
4. A win gets a team 2 points, loss - 0, tie -1 no result due to weather/nature – 1
 - a. **The teams forfeiting the game due to any reason will be awarded with zero points and in addition to this, 0 runs and 20 overs will be added to their NRR calculation. This is to ensure that teams are fully committed and keep the spirit of game alive.**
 - b. Games interrupted due to technical glitches or unplayable ground conditions shall be rescheduled to later stage before the playoffs. These games might be on weekdays or weekend mornings.
 - c. If the grounds are in unplayable condition due to previous night rain or rain before the game and city of Phoenix cancels the grounds, the games will be considered as NO RESULT and points will be awarded.
5. There will be NO LAST MAN BATTING.
6. No LBW outs /Leg Bye runs.
7. No run-out if it is a leg-bye as there is no run for it.
8. **Power play (PP)** – The only and mandatory power play is first 6 overs of the innings.
9. **Bouncers:** A fast short-pitched delivery is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the popping crease
 - a. **Above Shoulder:** If the ball, after bouncing, crosses the batsman between his shoulder and his head (*as per batsman's normal standing upright position at popping crease*), it's called a bouncer.
 - Only one legal bouncer allowed per over. Any subsequent bouncer will be called as illegal bouncer and called as no ball.
 - b. **Above head:** If the ball, after bouncing, passes the batsman's head (*as per batsman's normal standing upright position at batting/popping crease*) and remains untouched by him, it is called a Wide Ball.
 - If a batsman makes contact with a ball that is even above his head, it cannot be a 'wide' for the 1st bouncer. And as bowler has not been warned for 1 bouncer per over (i.e. it is the first ball of the over which is over the shoulder height), it can't be declared as 'no ball' for height. So, it would be a **legal delivery**.
10. **Dead ball** - A delivery could be declared dead by the umpire under conditions that the ball did not rise above the ground and not clear how many bounces the ball took before reaching the batsman.
11. The following fielding restrictions apply in T20 format:

- No more than five fielders can be on the leg side at any time.
- During the first six overs, a maximum of two fielders can be outside the 30-yard circle, power play overs.
- After the first six overs, a maximum of five fielders can be outside the fielding circle.

12. No ball –

a. Illegal action by the bowler

- **Front Foot No Ball:** If the bowler bowls without some part of the front foot (either grounded or raised) behind the popping crease.
- **Side No Ball:** If the bowler bowls with the back foot not wholly inside the side crease.
- **Bouncer:** If the bowler bowls a bouncer after the one for the overning warning in an over, each such delivery shall be called a No Ball.
- **Waist High Full Toss:** If a full toss ball reaches the batsman above his waist, it will be called a No Ball.
- **Others:** If the bowler breaks the non-striker's wicket during the act of delivery.
- If the bowler throws, rather than bowls, the ball as per ICC rules
- If the bowler changes the arm with which he bowls without notifying the umpire.
- If the bowler changes the side of the wicket from which he bowls without notifying the umpire
- If the bowler bowls underarm unless this style of delivery is agreed before the match
- If the bowler throws the ball towards the striker's wicket before entering the "delivery stride"
- If the ball comes to rest in front of the line of the striker's wicket.
- **If the ball bounces twice or more than twice before reaching the batsman.**

b. Illegal action by a fielder

- If the wicket keeper moves any part of his body in front of the line of the stumps before either a) the ball strikes the batsman's person or bat; or b) the ball passes the line of the stumps.
- If a fielder (not including bowler) has any part of their body grounded or in the air over the pitch.
- If there are more than two fielders that are on the leg side and behind the batsman's crease.
- Under certain playing conditions, further restrictions apply to the placement of fielders. For example in T20 cricket, there can be no more than five

fielders a) on the on-side; and b) outside the 30-yard circle. (The bowler is not a fielder when counting fielder placement)

- c. **Distraction to batsman:** Any action determined to be a distraction to the batsman facing the bowler will be called a no ball. Examples are fielder(s) movement, bowler's unusual actions during act of delivery.
 - d. **If required number of fielders is not within inner circle during the act of delivery. A fielder walking into circle during the act of delivery can be considered as the fielder outside the inner circle and declare no ball.**
13. Should a bowler deliver a no ball, Front Foot or Side No Ball or above waist or 2nd bouncer of the over, it costs 1 run and his next delivery is designated a "free-hit". In this circumstance the batsman can only be dismissed through a run out, hitting the ball twice, obstructing the field or handling the ball.

Note: To make it simple, our league follows the same ICC rules for No-balls as well. Any "No ball" will be followed by a free-hit delivery.

14. **Beamer** - If a fast full toss ball is over the batsman's waist, it will be called a beamer. A bowler will be taken off attack and will not be allowed to bowl in the rest of the match if he bowls **3 such deliveries in the entire match or 2 beamers in an over**. The umpire will decide if the waist high full toss is deemed a beamer or not. The general rule is if the delivery seems dangerous for the batsman, it should be called a beamer.
15. **Wide ball** - The judgment of wide-balls should be based on the position of the stumps (and not the batsman) at the point of the ball crossing the batsman.
16. "Running out" the "backing up" Batsman - The bowler is permitted, before entering his delivery stride, to attempt to run out the non-striker. The ball shall not count in the over. The umpire shall call and signal Dead ball as soon as possible if the bowler fails in the attempt to run out the non-striker."

NOTE: Delivery stride is when bowler's back foot lands for the last time before delivering the ball and/or his bowling arm has crossed his shoulder for the last time before delivering the ball. It has been customary for a bowler to warn the batsman but nothing in the Laws requires him to do so. If a batsman is backing up too early, the bowler is legally entitled to run him out without warning."

Section-6: Violations:

1. Any violation on the field can be reported by any of the captains or the umpires assigned to the game. Such report should contain details about the violation.
2. Any violation received by the organizing committee, will be classified into any of the following 4 types:

Penalty: A warning to the player(s). Accumulation of 2 minor violations, during the lifetime of a tournament, will be equal to one major violation. Also, every minor violation thereafter will be considered a major violation.

B) Major violation: Major violations mostly include minor physical incidents and intentions to cause physical harm. Some of the examples are, kicking the stumps, charging at opposition player(s) or at the umpire(s) or verbally abusing the umpire(s). Slow over rate is also considered as major violation.

Penalty: Minimum one game suspension and Maximum of 2 games suspension for each instance.

C) Severe violation: Severe violations involve causing and getting into physical or verbal brawl. All the people involved in a brawl should be charged with a 'Severe violation'

Penalty: Minimum 2 games suspension and maximum of 4 game suspensions. The whole team gets 2 points penalty."

D) Critical violation: Critical violations involve causing physical injury to a player or an umpire. Also, any AZ state charges of type misdemeanor or felony for an on the field incidents.

Penalty: Suspension for the tournament per individual. The whole team gets 5 points penalty. Depending on the severity of the incident, an agenda item can be put by the organizing committee to suspend such player(s) from any future tournament.

3. Organizing committee will give detailed reasons while classifying a certain violation in any of the category mentioned above. Such report will be sent to all the teams' representatives for the perusal only.
