1.4 Team Qualification Scenario for next round

If there is a Tie in number of points while deciding which team should go further, team with better NRR shall advance.

- 1.4.1 In case of NRR tied up to 4 decimal points, head-to-head result will be considered.
- 1.4.2 If NRR is tied and head-to-head results not available, both teams shall play a cricket game to break the tie. Schedule cannot be pushed out due to the game. Hence, committee would be deciding on the format of this game.

2 Field

- 2.1 All CCL games will be played on the field(s) communicated to the team by CCL Committee. CCL will use its Home Ground at [10700 ambassador drive, Rancho Cordova, CA](#) for all the matches.
- 2.2 CCL Teams are not allowed to practice on the CCL Ground without reservation. Penalty will be awarded to the players/ teams if they are found guilty with evidence for using CCL pitches.
- 2.3 "Home team" (team stated first in the schedule fixture on cricclubs website) is responsible for ground setup. Both the teams responsible to get one set of spring loaded stumps and cones, No digging in ground and pitch is allowed.
- 2.4 Cone to Cone is considered as Straight line.
- 2.5 **Both Home and Away teams are responsible for cleaning up** (bottles/wrappers/food etc) from ground as well as dug-outs.
- 2.6 Umpires are required to check the creases, wickets and other required implementation of the game before the toss for innings. If the umpires find even one of the creases either not marked, or improperly marked, or the wickets improperly pitched, the Umpire must request the Home team to resolve such issues before the start of the match.
- 2.7 As guideline to the umpires for the calling of wide on the offside, two off-sides "wide-marker lines" will be drawn perpendicular to the Bowling crease, towards the Popping crease, 3.5 feet from center of middle stump. One of these lines is for a right-handed batsman and the other for a left-handed batsman.
- 2.8 The boundary must be clearly marked by cones/ground paint so that it is easily visible to the Umpires standing at the wicket.
- 2.9 CCL will provide match balls for every game to all captains before start of games.
- 2.10 In the event when CCL Home ground cannot be used then CCL will reserve another field to play the matches. In that case following dimensions should be used. Taking Rossmoor Park, Rancho Cordova as a reference.
- 2.11 Picture in **[Appendix-A]** shows rough idea about where pitch and boundaries should be set. This is to confirm all teams play in similar conditions.

3 Results

- 3.1 Winner gets 10 points.
- 3.2 Loser gets 0 points.
- 3.3 No bonus points will be awarded.
- 3.4 Washed out/abandoned without a ball bowled game – By default Teams will split point 5 each with no change in Net run rate. Committee would try to reschedule washed out matches. If no game is possible before the end of the round, points would be split.
- 3.5 Teams carry forward their points/NRR earned against other qualifying teams from same group to Knockouts. No penalty points are carry forward.
- 3.6 In the event of Tied game, “super over” shall break the tie. Super over rules are same as International T20.
 - 3.6.1 For Super Over, Both Captains need to nominate 3 batsmen and 1 bowler. These names shall be given to umpires in writing before start of super over.
 - 3.6.2 The team batting second in the match will bat first in the Super Over.
 - 3.6.3 Same ball (or similar age) as used at the end of each team’s innings shall be used for each team’s Super Over.
 - 3.6.4 The loss of two wickets in the Super Over ends the team's Super Over innings
- 3.7 Net Run Rate A team’s net run rate is calculated by deducting from the average runs per over scored by that team throughout the competition, the average runs per over scored against that team throughout the competition. In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate of both teams shall be based on the full quota of overs to which the batting team would have been entitled and not on the number of overs in which the team was dismissed. Only those matches where results are achieved will count for the purpose of net run rate calculations. Reference Link ([ICC Rule](#))
 - If team get all out, scores will be divided by full quota of overs (18)
 - NRR will be considered up to 4 decimal places (xx.yyyy)
- 3.8 All teams MUST play their games on scheduled date/time/ground. Rescheduling can be accommodated only if there are available spots which are filled on first come first serve basis by CCL committee. Teams need to finish their game within that particular

weekend. Teams changing time slot within the particular weekend must get approval from CCL.

- 3.9 Swapping is allowed as long as all teams agree. Umpiring assignments do not change in this case. Swapping must be approved by CCL.
- 3.10 Umpiring assignments do not change in any circumstances.
- 3.11 Forfeit: Failure to meet cut-off time will be considered as On Ground Forfeit and will be given penalty points (Section 13). There will be a fine of \$50 for every game forfeited by a team.
- 3.12 Walkover: In case opposition team does not agree to reschedule, game will be considered as giving Walk-Over (no penalty but 0 pts for loss). Deadline for conceding a walkover is Thursday 11:59pm. Team rep is responsible to communicate the walkover to opposing captain, umpires and the committee through email before the above deadline.
- 3.13 Failure to reschedule: If both teams agree on rescheduling, they own responsibility for finishing their game within that weekend when their game is scheduled originally. If teams cannot finish their rescheduled game within CCL dead line, both teams will get 0pts (no penalty points). CCL committee won't be watching over the fixture once it's deviated from original fixture).
 - 3.13.1 Rain or ground issue & match didn't take place before deadline – 5 pts each
 - 3.13.2 Rescheduled match for any reason & match didn't take place before deadline – 0 pts each

4 Match Regulations - Basic Rules

- 4.1 A match shall be of one innings of each side. Each innings will be of 18 overs max.
- 4.2 LEVEL 5 Soft-T (Wilson) softball will be used which will be provided by CCL.
- 4.2.1 CCL committee purchases the ball from the same manufacturer and same Code for the entire season. There could be variations in the ball like hardness or ball not lasting the entire innings, CCL committee cannot control this. This can also not be used as a reason to reschedule a game. If the ball does not last an entire innings, CCL committee recommends using a new ball and umpiring team keep this consistent for both teams' innings.
- 4.3 Each bowler can bowl maximum of 4 overs. If there is a reduction in the number of overs before the match has started the 5th bowler has to bowl minimum of 2 overs. Maximum number of overs bowled by other 4 bowlers will be calculated by dividing the number of overs minus 2 to be bowled per innings by 4 and rounded up to the nearest whole number.
- 4.4 All international cricket rules will be applied where not called out, except LBW and Leg Byes:
- 4.4.1 No LBW but if pads are used, we will have rule of 2-LBW-out. We understand pads could be for batsman's safety but it gives him unfair advantage over majority of others who don't use them and to still allow pads and make it fair to opposition team, we have 2-LBW-out rule. Above rule does not apply to helmets used for safety purpose.
- 4.4.2 No leg bye runs. This also means a player can't be given run-out in such case. Batsman still could be stumped as long as it is done while ball in play.
- *Body First -> Bat next: Can get out anyways except run outs. No runs.*
If ball hits player's BODY first then consequently hits BAT without touching ground; and fair out scenario happens; player can be given out "Caught" or "Bowled" or "Stumped" but not "Runout".
 - *Bat First -> Body next: Ball is in Play*
If ball hits player's BAT first then BODY, without touching ground; in a fair out scenario; player can be given out "Caught" or "Bowled" or "Stumped" or "Runout".
 - *Body Only: Bowled or stumped out. No runs.*
If ball hits player's body then hits wickets before touching any of the fielders, batsman shall be given out "Bowled". Batsmen can also be stumped out in this case.
- 4.4.3 No running out striker after bowler gets in his bowling action – CCL defines getting into bowling action as the moment bowler plants his front foot over the

stump line. Thus Bowler can only get non-striker out if his front foot is behind the bowling stumps.

4.4.4 No run outs once umpire calls “over”.

4.4.5 Player can be called out, if he is found outside crease while ball is in play and he fails to notify umpire that he is not attempting a run.

4.4.6 Full toss above the waist (Not Tshirt) is NO ball (consider batsman was standing upright at popping crease). Non full toss deliveries above shoulder is also a NO ball. No “one bouncer per over” rule.

4.4.7 Ball bouncing more than once before batting stumps is a dead ball.

4.4.8 If stumps have bails, then at least one bail have to be dislodged to call OUT.

4.4.9 If stump has no bails, then ball hitting stumps is called OUT. Base of the spring-loaded stumps are considered part of the stumps.

4.4.10 If the ball pitches outside the pitch and comes in, it is a dead ball.

4.4.11 If the ball pitches outside the pitch and follows its trajectory outside the pitch, it is a wide ball.

A **wide ball** shall be signaled if the ball is outside the reach of a batsman while in normal stance and playing a proper cricketing shot. If batsman moves closer to the wide marker (on the off side) and the ball goes beyond the wide marker and the batsman could have reached the ball with a proper cricketing shot, it is **NOT a WIDE**. The wide line marker moves (virtually) based on the batsman’s position. However, this does not mean that a batsman can leave his stumps open and move towards the leg side to get a wide ball adjudicated for a ball which is inside the off side wide marker. In this situation the off side wide marker should be used as a guideline. [For animated video click here.](#)

4.4.12 No under arm/throw bowling

4.4.13 No Free hit for no balls

4.4.14 For a delivery to be fair in respect of the feet, in the delivery stride

- The bowler’s back foot must land within and not touching the return crease appertaining to his stated mode of delivery. Return crease should be 4.4 feet from middle wicket.
- The bowler’s front foot must land with some part of the foot, whether grounded or raised behind popping crease.
- Both feet should be on the same side of the imaginary line joining the two middle stumps and behind the popping crease.

[For animated video click here.](#) (Note: CCL rule about the bowl pitching more than once before the wicket differs)

-
- 4.4.15 Fielding Team cannot have more than 5 players (excluding Wicket Keeper and bowler) fielding on ON (leg) side. There is no such restriction on OFF side.
- 4.4.16 Fielding Team must have at maximum 5 players (excluding Wicket Keeper and bowler) fielding in outfield. (We don't have 30 yard circle, but this should be judgment call by umpires).
- 4.5 There will be NO power play restriction on fielding side.
- 4.6 It is highly recommended to wear abdomen guard for all Cricket games at CCL
- 4.7 CCL will allow substitute runner for any player injured within the game. Both Umpires and opposition captain have to agree on this.
- 4.8 Each team must complete its bowling quota of maximum overs in 1 hour 30 minutes in 18 over game.
- 4.9 Intervals/Breaks
- 4.9.1 There shall be an interval of 10 minutes between each innings.
- 4.9.2 This interval would be reduced by the amount of time the first innings runs over (For e.g. 90 minutes is the allocated time for 18 overs. If the first innings takes 95 minutes, interval would be reduced to 5 minutes and 2nd innings starts on the same time to avoid delaying the next game.)
- 4.9.2 There shall be NO drinks break during each innings.
- 4.10 If it rains during the game or have to leave ground and call the match off for any reason, both the captains and umpires are recommended immediately to call Nihar and/or committee. This is important to settle our ground booking for that day.
- 4.11 To avoid heavy wear and tear to playing conditions, shoes with spikes or studs are not allowed for either batsman.
- 4.12 Batsman can be "Retired Out" or "Retired Hurt". Umpires shall have final call on declaring Batsman "Retired Hurt".
- 4.12.1 Once Batsman is "Retired Out", he shall not come back to bat again in that inning.
- 4.12.2 If Batsman is "Retired Hurt", he may come back as soon as a wicket falls.
- 4.13 If player from fielding team leaves the field/or arrives late, he can only come back after completion of over and shall not be allowed to contribute with bowl/ bat for the same number of overs he was absent for. Moreover during batting he can bat either after being on the field for total number of overs he was absent for or after the fall of 5th wicket; whichever occurs first. (This rule will only be applicable for side bowling first (batting second))
- Example1: If player arrives late at 3.4 overs. He can only join at end of 4th over and allowed to bowl 9th over onwards. (This rule will only be applicable for side bowling first (batting second))

Example2: If player arrives late after 12 overs. He can only join at end of 12th over and will not be allowed to bowl for the entire innings (of 18 overs). He can either bat after 6 overs of their batting innings (considering he has to be out for a combined 12 overs = 6 overs of bowling + 6 overs of batting) or after the fall of 5th wicket. (This rule will only be applicable for side bowling first (batting second))

5 Scoring

- 5.1 Cricclubs app should be the default method for scoring. Instructions for scoring using the app are located [here](#)
- 5.2 It is advised to switch to paper scoring only in case of app, network or other technical issues.
- 5.3 Dot ball scoring is the norm for CCL matches. Dot ball scoring is defined as the recording of every ball received by each batsman, as well as every ball bowled by each bowler.

- 5.13 Each team is responsible for uploading the detail scoring information of their team's batting and bowling and final scores (including runs, number of overs and wickets) for each team. Do not upload opposition team's bowling/batting data. This is the minimum requirement for scoring uploads to be called complete by the deadline to avoid scorecard penalty.

6 Ethics and Expectations

It is the duty of every player to play the game in the highest tradition of sportsman spirit. The Captain of the team is responsible for his players' behavior on and off the field of play. It is the duty of the Captain of a team to resolve all problems on the field in an amicable manner. The umpires are required to have high moral grounds in doing their officiating duties. Personal prejudices or their own team benefits should never come into play in any their decisions. There needs to be a basic trust in the umpires and their decisions by both the teams on the field. Fielding teams should resist from excessive appealing and the batsmen should resist from trying to show up the umpire in case of a mistaken decision. Any complaints about anything must be lodged in writing within a week of occurrence (via Email to ccl_committee@googlegroups.com) by the Captain to Executive Committee.

All team representatives are expected to seek committee permission before sending any non-CCL related communication to the board whatsapp or email group.

7 Teams

- 7.1 CCL 2019 has total of 23 teams. 3 of them are “new” teams while other 20 are considered as “old” teams.
- 7.2 New teams are defined as the team who has not played previous year of CCL season.
- 7.3 New teams in their first season are expected to pay a premium of additional \$200 on top of the registration fees.
- 7.4 Team Name change – “old” teams can change the name before the start of the season and will be still considered as a “old” team as long as they have atleast 7 same players who played from that team under old name in the previous season, still playing from their team under new name.
- 7.5 Team Split- The team that registers under a new name can still be considered an “old” team as long as the team has atleast 7 players who played for a single team in the previous edition of CCL. A team which gets formed by combining players from different teams in previous edition would be classified as a “new” team.

8 Players

- 8.1 A match shall be played with a minimum of 7 players from each team.
- 8.2 A team can register a new player at any time but can only play from that particular team once played first game.
- 8.3 A player has to play minimum of 25% of team's (rounded up to next whole number) league games to be able to qualify for Play-off games. (2019 – number is 4) Teams have to publish their 14 players one day before match to allow opposition to verify minimum number of matches requirement stated here. If team in playoff game has a player not qualifying this requirement, is subjected to forfeit that game. Opposition Captain has right to verify this requirement at any time before or after game is finished.
- 8.4 Player can't switch team after playing 1st match. If his team is out of CCL for any reason, he will have to wait for next season to be able to take part in CCL again.

- 8.7 Uniform requirement: All players must be in colored uniforms. Players cannot wear white colored jerseys. Atleast 7 players should be wearing the team jersey (t-shirt).

9 Players' Code of Conduct

The under mentioned Player's Code of Conduct is a reminder to players that Cricket is a game which has a rich tradition of sportsmanship behind it. Those who take part in the game are expected to uphold this tradition and the spirit of the game.

- 9.1 The captains are responsible at all times for ensuring that play is conducted within the spirit of the game as well as within the CCL rules and regulations.
- 9.2 Players shall not at any time engage in conduct that could bring them or the game into disrepute.
- 9.3 Players shall not use foul words to or physically confront with opposition team player or umpires.

- 10.2 The Code of Conduct is applicable to all the games played within CCL.
- 10.3 Every Captain/Representative is required to have this document acknowledged to every team member. Lack of knowledge of the existence of this document does not constitute as an excuse for non-compliance.
- 10.4 CCL executive committee and/or disciplinary committee has all rights to impose appropriate probation/penalty to any player playing in CCL, once found guilty. The probation/penalty will be applied by CCL in accordance with the code of conduct for players and player support personnel document released by the International Cricket Council effective 22nd September 2016 [Link](#). Any monetary fines mentioned in the document could translate into probation/penalty as applicable decided by CCL.

11 Umpires

- 11.1 Every team needs to send neutral umpires as per schedule. Captain of particular teams will be responsible for not sending umpires and subjected to penalty (12.1). There will be a fine of \$50 if both umpires are a no-show. All teams should be encouraged to send their best available players for umpiring to overcome umpiring inconsistency.
- 11.2 Umpires are recommended to be on ground 15 minutes earlier. Umpires should toss no later than 5 minutes before match start time & clarify boundaries with Captains.
- 11.3 Umpires should penalize a team for late start:
 - 11.3.1 One team is late: If one team does not have 7 players at game start time and is not ready to field a team OR the home team hasn't setup the ground, umpire must penalize the responsible team- 1 over for every 5 minutes.
 - 11.3.2 Both teams are late OR game delayed by external factors: If both teams are late (do not have 7 players) OR if the previous game runs over time OR if game start time is delayed by rain or wet outfield conditions, umpire must reduce equal number of overs from either team- 1 over EACH per team for every 10 minutes. In case of a delayed previous game, toss must be done outside the field before previous game ends.
 - 11.3.3 Umpire show up late: If umpires show up after the scheduled start time, either playing team has to report the infraction to committee right away. Applicable penalty would be assessed to the umpiring team. Teams should start the game right away with the batting team umpires OR any other neutral umpires if available from previous game. If the game is delayed by more than 10 minutes, 1 over must be deducted from EACH team's quota of overs.
- 11.4 Umpire should monitor discipline throughout the game. Foul words, bad behavior should be reported to CCL committee. Umpires should give 1st warning to player and

Captain of his team. 2nd warning to Captain of his team, and if same offence repeats, umpires have full rights to disqualify that player immediately from that game.

11.5 In the event of one or more neutral umpires not being available or present:

11.5.1 Both teams' captains have to report that to CCL committee and Board using an email group and request for volunteers. If no one volunteers within the acceptable time to finish the game before the start of next game then follow below.

11.5.2 The Captain of the batting side can assign players in his side as umpires. It is urged that the interchanging of umpires in such a case be kept to a minimum. Umpires from both sides, need to be nominated before toss.

11.5.3 If a Captain has an objection to one or more members of the opposing side acting as an umpire, he needs to inform the opposing Captain about this before the toss for innings.

11.6 Umpires should collect playing XI and substitute names from both the team before toss. Players only in the list can play the game.

11.7 Leg umpires should stand in the line of stumps. Leg umpires has important jobs like monitoring height no ball, dead ball, short run, runouts, stumping etc.

11.8 They should use umpire scoresheets to score. Scoresheets are made to make sure umpires are able to collect required information with least distraction.

11.9 Home team is responsible to provide umpiring score sheet to the umpires and umpires are responsible to keep track of scoring during the game. Umpires have to sign the Final score sheet at end of the game.

11.10 Umpire's decision will be FINAL. They are advised to take their time and consult the other umpire if needed before making the decision. It is very important that umpires apply basic cricket rules + CCL rules before making decisions.

11.10.1 If Umpire is in doubt? Umpires are the FINAL decision maker for any occurrence during CCL match and it's recommended that they follow below guideline when in doubt.

- First consult with other umpire
- If needed consult the rules by calling your teams captains or CCL committee members.
- Feel free to revert your decision.
- Decision will not be reverted after the next ball is bowled or the game is complete.

12.4.2 If 17th or 18th over of the 2nd innings is in progress, the match should continue and can use a maximum of 15 minutes to finish their allotted overs. The following game should start with reduction of overs according to rule 13.2.

12.4.3 The only exception to the 15-minute grace period is in-case the game ends in a tie and the result needs to be determined by a super over. In this case, the next game would have to wait for the super over to complete and the over reduction rule (13.2) would apply for the following game.
