

CENTRAL GAUTENG LIONS PLAYING CONDITIONS: 2023/2024 35-OVER COMPETITIONS MENS AND LADIES

Subject to the provisions of these conditions, the Laws of Cricket Code 2017 Code 3rd Edition - 2022 and the By-laws and General Regulations of the Board shall apply.

Please note: All personal pronouns used in this document, whether used in the masculine or feminine gender, shall include all other genders, and the singular shall include the plural and vice versa.

1. PLAYERS

- 1.1. Each captain shall nominate eleven (11) players in writing prior to the toss taking place to either of the two appointed umpires. No player (member of the playing eleven) may be changed after the nomination without the consent of the opposing captain.
- 1.2. The captains must notify the umpires and the opposing captain of the age group of all players participating in an adult match who are in the under 19 age group or younger, even if the player is not a fast bowler. This requirement also covers any young player taking the field as a substitute fielder. The captains must also make sure that they are aware of all the restrictions and safety measures relating to these junior players as reflected in the By-Laws and General Regulations.
Refer to Annexure B for Bowling Directives pertaining to underage players.
- 1.3. Every batter (regardless of age, skill or ability) **WILL** wear a helmet when facing a fast bowler.
A helmet may be dispensed with, for players 19 years and older, when a spin bowler is operating.
For all players under the age of 19 years, a helmet will be worn at all times by the batters.
(For simplicity, a bowler is defined as a fast bowler if the wicket-keeper is not standing up to the stumps when he is bowling.)
- 1.4. All wicketkeepers (regardless of age, skill or ability) **WILL** wear a helmet when standing up to the wickets. Fielders fielding close to the batter **WILL** also wear a helmet.
- 1.5. Any player coming onto the field of play as a substitute or bringing drinks and equipment, will be dressed in appropriate attire. This shall include long white pants, white closed shoes and white shirt with a bib. If a bib is not available, the player will wear a differently coloured top (this includes when such a player is off the field and near the boundary)

1.6. Replacement players will inherit any sanctions or dismissals from the player they replaced.

1.7. Captain

1.7.1. If at any time the captain is not available, a deputy shall act for him.

1.7.2. If a captain is not available to nominate the players, then any person associated with that team may act as their deputy to do so. A Coach and/or Manager, as well as a member of the Club's Executive Committee, shall constitute as being associated with that team.

1.7.3. At any time after the nomination of the players, only a nominated player can act as deputy in discharging the duties and responsibilities of the captain as stated in these Playing Conditions, including at the toss.

2. UMPIRES

2.1. Appointments vested in CGLCUA

The appointment of official umpires to fixtures in the CGL competitions is delegated to the CGLCUA.

Where two umpires cannot be appointed and only one umpire is present, the appointed umpire shall assume full responsibility – the umpire shall stand at both bowler's ends with a member of the batting team taking up the duties as the square leg umpire.

2.2. Captains to appoint unofficial umpires

In the absence of official umpire(s) the captains shall appoint the umpire(s). If one official umpire is present the second umpire shall only umpire at square leg for the duration of the match. Refer to clause 2.3 referring to the appointment of unofficial umpires.

2.3. Unofficial umpires to be team members

Umpires appointed by the captains in terms of 2.2 must be members of the competing teams or holders of a Level 1 certificate issued by CGLCUA or an equivalent association. The term "team member" shall include the 12th man and team manager. The umpires appointed in terms hereof are under the control of the captains insofar as the changing of umpires during an innings is concerned.

Umpires are expected to maintain the highest level of integrity. The CGLCUA has the power to revoke an umpire's accreditation should the umpire's integrity be questioned and proven unworthy.

2.4. Fitness of Ground

2.4.1. The umpires will be the sole judges of the fitness of the ground, weather and light conditions for play. In the absence of official umpire(s), the captains, not the umpires appointed by them, shall be the sole judges. In the event of a disagreement between the captains, the status quo shall remain.

2.4.2. Laws 2.7 and 2.8 shall be replaced with:

- 2.4.2.1. If at any time the umpires, together, agree that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place, then they shall immediately suspend play, or not allow play to commence or to restart. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make. Umpires to take existing policies regarding ground weather and light of the CGL and CGLCUA into consideration when making such decisions.
 - 2.4.2.2. Play will also be suspended if one of the officially appointed umpires is of the opinion that play should be suspended due to the conditions of ground weather or light.
 - 2.4.2.3. The fact that the grass and the ball are wet and slippery does not warrant the ground conditions being regarded as unreasonable or dangerous. If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the Batters of the ability to play their strokes or to run between the wickets, then these conditions shall be regarded as so bad that it would be unreasonable for play to take place.
 - 2.4.2.4. Conditions shall be regarded as dangerous if there is actual and foreseeable risk to the safety of any player or umpire.
 - 2.4.2.5. Conditions shall be regarded as unreasonable if, although posing no risk to safety, it would not be sensible for play to proceed.
- 2.4.3. The umpires shall disregard any shadow on the pitch from the stadium or from any permanent object on the ground.
- 2.4.4. When there is a suspension of play, it is the responsibility of the umpires to monitor the conditions. They shall make inspections as often as appropriate. Immediately the umpires together agree that conditions are suitable for play, they shall call upon the players to resume play.
- 2.4.5. If play is in progress up to the start of an agreed interval, then it will resume after the interval, unless the umpires together agree that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire so that it would be unreasonable or dangerous for play to take place.

3. SCORERS

- 3.1. Two scorers shall be appointed to record all runs scored, all wickets taken and, where appropriate, number of overs bowled.

The appointment of scorers shall be done by the Central Gauteng Lions Cricket Scorers Association. If no scorers are available, the teams participating in the fixture will be responsible for supplying one scorer each.

3.2. Scoreboard

Every Club Ground is required to have a scoreboard that shall be kept up to date at least at the end of each alternate over of an innings.

4. TOSS AND PLAYER NOMINATION

The normal laws of cricket shall apply.

4.1. The captains shall toss a coin for the choice of innings, on the field of play and under the supervision of at least one umpire, not earlier than 30 minutes, nor later than 15 minutes before the scheduled or any rescheduled time for the start of play.
Note, however, the provisions of clause 1.7 (Captains).

4.2. Before the toss may occur, **at least 7** of the nominated players from each team must be present.

4.3. Decision to be Notified

As soon as the toss is completed, the captain of the side winning the toss shall decide whether to bat or to field and shall notify the opposing captain and the umpires of their decision.

Once notified, the decision cannot be changed.

4.4. Forfeiture of the Toss and Possible Awarding of the Match

4.4.1. The team defaulting in regards to the number of nominated players present, at the latest time for the toss to happen, will forfeit the toss.

4.4.2. If at 1 (one) hour after the scheduled or rescheduled start of play the minimum number of players is not present and play has not started, the match will be abandoned and awarded to the non-defaulting team.

4.4.3. Should both teams not meet the minimum requirements, the match will be called off and the umpires will report the matter to CGLUA.

5. THE BALL

5.1. The ball to be used in the various leagues and competitions shall be approved by CGL prior to the Leagues starting. They shall conform to Addendum - Ball hereto.

Any variation from the prescribed ball will not stop the match from taking place. The umpires will record the ball used on the result card and the office will take appropriate action at a later time.

5.2. Spare Balls

Each team will supply six (6) used balls that shall be regarded as the spare match balls. They shall be the required brand, weight and either two (2) or four (4) piece for the relevant league match being played.

The umpires shall retain possession of the match ball(s) throughout the match when play is not actually taking place.

During play umpires shall periodically and irregularly inspect the condition of the ball and shall retain possession of it at the fall of a wicket, a drinks interval, or any other disruption in play.

6. INNINGS

Law 13 shall apply, subject to the following:

6.1. NUMBER OF INNINGS

6.1.1. Law 13.1 shall be replaced by the following:

All matches will consist of one innings per side, each innings being limited to a maximum of 35 overs which are to be bowled by the fielding side in not more than 140 minutes. (This INCLUDES drink breaks).

6.1.2. **Declaration and Forfeiture:**

A captain may not declare their team's batting innings closed at any stage, nor may the captain forfeit the batting innings.

6.2. LENGTH OF INNINGS

6.2.1. **Uninterrupted Matches**

6.2.1.1. Each team shall bat for 35 overs unless all out earlier.

If the team fielding first fails to bowl the required number of overs by the scheduled time for cessation of the first innings, the over in progress shall be completed and this shall end the innings. In these circumstances, the team batting second shall be entitled to bat for the full 35 overs or 140 minutes.

For every over of the 35 or agreed number of overs (an interrupted match) not bowled by the fielding side in 140 minutes or agreed number of overs multiplied by 4 minutes, 10 runs shall be added. These are to be known as penalty runs. An over in progress when time is reached at the end of an innings shall be completed and no penalty runs shall apply to that over.

Examples of Penalty Runs

(a) Example 1

1) The 32nd over of the 1st Innings of an uninterrupted match finishes at 15:20.

No further bowling is allowed and the fielding side will be conceding penalty runs to the batting side.

35 overs – 32 overs = 3 overs, therefore 30 penalty runs must be added to the total score of the team batting first.

- 2) The 33rd over of the 2nd Innings in the same match finishes at 18:01.

No further bowling is allowed and the fielding side will be conceding penalty runs to the batting side.

35 overs – 33 overs = 2 overs, therefore 20 penalty runs must be added to the total score of the team batting second.

(b) Example 2

The 35th over of the 1st Innings of an uninterrupted match starts at 15:18 and at 15:20 only 4 balls have been bowled. The over ends at 15:23.

The over will be allowed to be finished and NO PENALTY RUNS will be imposed.

6.2.1.2. Start of Innings of Team Batting Second

The start of the innings of the team batting second may not be delayed beyond 15:40, unless the number of overs per innings is reduced, by agreement, between the umpires and captains. In such an instance, the length of each innings shall be adjusted by the same number of minutes to allow each side to have an equal number of overs and to allow for the rescheduled interval between innings.

Example

The team bowling first ended the 35 overs at 15:23 as per example in 6.2.1.1.(b) above, 3 minutes lost. The change of innings interval will be reduced to 17 minutes instead of the 20 minutes allowed.

6.2.1.3. Close of Innings of Team Batting Second

Play shall not continue after 18:00 except for the sole purpose of completing an over in progress.

6.2.2. Delayed or Interrupted Matches

6.2.2.1. Mens and Ladies Cricket

A minimum of 15 overs per side is required for a result to be achieved, unless an innings is completed earlier.

6.2.2.2. Number of Overs – Interruption of Team Batting First

In matches where the start is delayed for any reason, or play is suspended because of ground, weather or light conditions, the object shall always be to re-arrange the number of overs so that both teams shall have the opportunity to bat for the same number of overs. The calculation of the number of overs to be bowled in the time remaining before the close of play at 18:00 (agreed number of overs) shall be done by reference to the table in 6.3.

6.2.2.3. Number of Overs – Interruption of Team Batting Second

If it is not possible for the team batting second to bat for the same number of overs as the team batting first because of a suspension of play during its innings, it shall bat for the number of overs to be calculated.

The result of the match shall be determined by the use of the average run rate method.

6.2.3. Innings of Team Batting Second Not Longer than Team Batting First

The team batting second shall not bat for a greater number of overs than the team batting first, unless the team batting first is all out before the agreed number of overs has been bowled.

6.2.4. Examples of Calculating Overs to be Bowled

(a) Example 1

- (i) The start of play for a Saturday match is delayed for 57 minutes.

From the table (0), **14 overs** are lost, i.e. 7 overs from each innings.

Now each team shall bat for $35 - 7 = 28$ overs, which are to be bowled in 112 minutes.

The new playing times are:

1 st Innings:	13:57 – 15:49
Interval:	15:49 – 16:09
2 nd Innings	16:09 – 18:01

Where the overs to be deducted are uneven, the figure obtained shall be rounded up to the next even number, e.g. where 36 minutes are lost, this is equivalent to 9 overs. That would be $4\frac{1}{2}$ overs per side rounded down to 4. Each side is therefore to receive 31 Overs (to be bowled in 124 min) Playing times will be 13:36 – 15:40, 15:40 – 16:00, 16:00 – 18:04

- (ii) Conditions as in (i), but a further 50 minutes are lost during the innings of the team batting first after batting for 3 overs which took 13 minutes.

From the table (0), an additional 12 overs are lost, i.e. 6 overs from each innings.

Each team shall now bat for $28 - 6 = 22$ overs, to be bowled in 88 minutes.

The new playing times are:

1 st Innings:	13:57 – 14:10 (13 min)
Interruption:	14:10 – 15:00
1 st Innings (Cont):	15:00 – 16:15 (75 min = 88 min – 13 min)
Interval:	16:15 – 16:35
2 nd Innings	16:35 – 18:03 (88 min)

- (iii) Conditions as in example (ii) but during the innings of the team batting second, 12 minutes are lost after they batted for 2 overs which took 10 minutes.

From the table (0), this is equivalent to 3 overs.

The team batting second shall now bat for $22 - 3 = 19$ overs to be bowled in 76 minutes. The result shall be decided on the average run rate.

The new playing times are:

1 st Innings:	13:57 – 14:10 (13 min)
Interruption:	14:10 – 15:00
1 st Innings (Cont):	15:00 – 16:15 (75 min = 88 min – 13 min)
Interval:	16:15 – 16:35
2 nd Innings	16:35 – 16:45 (10 min)
Interruption:	16:45 – 16:57
2 nd Innings (Cont):	16:57 – 18:03 (66 min = 76 min – 10min)

- (iv) Conditions as in (ii), but instead of 12 minutes, 36 minutes are lost during the innings of the team batting second.

From the table (0), this is equivalent to 9 overs. The team batting second can receive $22 - 9 = 13$ overs only. The match is a draw because the innings is now reduced to fewer than 15 overs.

(b) Example 2

No time is lost during the innings of the team batting first (Innings finishing at 15:22), but 48 minutes are lost through rain in the innings of the team batting second after they have batted for 42 minutes and received 8.2 overs.

From the table (0), this is equivalent to 12 overs.

The team batting second shall now bat for $35 - 12 = 23$ overs to be bowled in 92 minutes. The result shall be decided on the average run rate. This is a calculated result.

The new playing times are:

1 st Innings:	13:00 – 15:22
Interval:	15:22 – 15:40
2 nd Innings	15:40 – 16:22 (42 min – 8.2 Overs)
Interruption:	16:22 – 17:10
2 nd Innings (Cont):	17:10 – 18:00 (50 min = 92 min – 42min)
	14.4 Overs to be bowled (23 – 8.2)

(c) Example 3 (Penalty Runs and Interruptions in both innings)

The match start on time and Team 1, batting first ,innings is interrupted by rain after 100 min. 22.2 overs have been bowled before the interruption with the score being 112 / 6.

The interruption last 2 hours.

The remaining time available in the day is 80 minutes.

$18:00 - (13:00 + 01:40 + 02:00 = 16:40) = 01:20$ i.e. 80 minutes.

The maximum overs available in the day is 20 and because Team 1 already received more than 20 overs their innings will be complete and Team 2 will receive the remaining 20 overs available.

Team 1, who batted for a 100 min, should have received 25 overs in that time. Team 2 are therefore 2.4 overs short of the minimum required.

Penalty runs at 10 runs per full uncompleted over will be added to Team 1's innings, i.e. $2 \times 10 = 20$ penalty runs.

The average run rate of team 1's innings will be calculated by Team 1's actual score + the 20 penalty runs divided by the total overs received + overs for which penalty runs were awarded.

Score: $112 + 20 = 132$
Overs: $22.2 + 2$ penalty overs = 24.2
Average Run Rate = $132 \text{ runs} \div 24.2 \text{ overs}$
= 5.42

Target Score = $20 \text{ Overs} \times 5.42 \text{ Runs / Over}$
= 108.4

(Rounded up) = 109

Team 1 will have to bowl the 20 overs in 80 minutes and any overs not completed in this time will be penalised by 10 runs.

If the Duckworth / Lewis / Stern method is to be used (like in the case of Ladies Premier League matches) the following information needs to be provided to the scorers in order to determine the Par score.

<u>Team 1</u>	<u>Team 2</u>
Score: 132	Overs: 20
Wickets 6	
Overs 24.2	

If the remaining overs and time per team is more than overs and time Team 1 received in their 1st innings then their innings will continue after the interruption. The 20 minutes time for the interval will have to be included in the calculation of remaining time.

(d) Example 4 (Penalty Runs and Interruptions in both innings with Interval)

The match start on time and Team 1, batting first ,innings is interrupted by rain after 40 min. 7.2 overs have been bowled before the interruption with the score being 42 / 3.

The interruption last 1½ hours.

The remaining time available in the day is 150 minutes.

$18:00 - (13:00 + 00:40 + 01:30 + 00:20 = 15:30) = 02:30$ i.e. 150 minutes.

Total over available for the day are as follows:

Playing time completed: 40 min = 10 Overs

Playing time remaining: 150 min = 37.5 Overs (Rounded up to 38)

Total Overs = 48

Total Overs per side = 24 to be bowled in 96 minutes

The new playing times are:

1st Innings: 13:00 – 13:40 (40 min : 7.2 Overs bowled)

Interruption: 13:40 – 15:10

1st Innings (Cont): 15:10 – 16:06 (56 min = 96 min – 40 min)
24 – 7.2 = 16.4 Overs to be bowled

Interval: 16:06 – 16:26

2nd Innings 16:26 – 18:02 (96 min : 24 Overs to be bowled)

Because both teams will be receiving the same number of overs the Target score for team 2 will be 1 run more than the Score achieved by Team 1.

However, If the Duckworth / Lewis / Stern method is to be used the Par score will most probably have to be adjusted and the following information needs to be provided to the scorers in order to determine the adjusted Par score.

Team 1 – Score before interruption

Score: 42

Wickets 3

Overs 7.2

Team 2

Overs: 20

Team 2 – Final Score

Total Score 150

Wickets 8

Overs 24

6.2.5. Calculated Result

A “Calculated Result” is determined by dividing the first innings score by 35 and multiplying the result by the number of second innings overs available and, if a whole number, adding one run, or if not a whole number, rounding up to the next whole number. This average run rate is then multiplied with the number of overs to be received by the team batting second.

Note: The only time a “calculated” result can take place is when the team batting second is prevented by ground, weather or light conditions from receiving the same number of overs as the team batting first – provided the team batting second has faced a minimum of 15 overs for both Men’s Cricket and Ladies Cricket.

6.3. Table of Time and Overs

Overs shall be bowled, in both innings, at the rate of 35 overs in 140 minutes according to the following table.

4 mins 1 over	44 mins 11 overs	84 mins 21 overs	124 mins 31 overs
8 mins 2 overs	48 mins 12 overs	88 mins 22 overs	128 mins 32 overs
12 min 3 overs	52 mins 13 overs	92 mins 23 overs	132 mins 33 overs
16 mins 4 overs	56 mins 14 overs	96 mins 24 overs	136 mins 34 overs
20 mins 5 overs	60 mins 15 overs	100 mins 25 overs	140 mins 35 overs
24 mins 6 overs	64 mins 16 overs	104 mins 26 overs	
28 mins 7 overs	68 mins 17 overs	108 mins 27 overs	
32 mins 8 overs	72 mins 18 overs	112 mins 28 overs	
36 mins 9 overs	76 mins 19 overs	116 mins 29 overs	
40 mins 10 overs	80 mins 20 overs	120 mins 30 overs	

6.4. Number of Overs Per Bowler

- 6.4.1. No bowler shall bowl more than 7 overs in an innings.
- 6.4.2. Should the number of overs be reduced because of a delayed start or a suspension in play, the calculation of overs per bowler will be done accordingly to the following formula: Number of overs ÷ 5.

Example:

Match reduced to 22 overs per side, $22 \div 5 = 4.4$
 The fraction is not applicable therefore:
 3 bowlers = 4 (12 overs); 2 bowlers = 5 (10 overs).

- 6.4.3. If a bowler breaks down and is unable to complete an over **for any reason**, the remaining balls shall be bowled by another bowler, provided that the bowler who completes the over shall not:
- Be the bowler who bowled the previous over;
 - Bowl the following over;
 - Be a bowler who has already completed their maximum quota;
 - Be a bowler under suspension.

The over so completed shall count as one of the overs of the bowler who completes it.

6.5. Hours of Play and Intervals

There will be two sessions of 2 hours and 20 minutes, each separated by a 20 minute interval between innings. The hours of play shall be:

Saturday 1 to 6		
1st Innings	13h00	15h20
Interval	15h20	15h40
2nd Innings	15h40	18h00
Close	18h00	

Other 35 Over League matches

1st Innings	09h15	11h35
Interval	11h35	11h55
2nd Innings	11h55	14h15
Close	14h15	

6.6. Interval Between Innings

- 6.6.1. The Interval Between Innings shall be taken between innings and shall be of the agreed duration of 20 minutes, less any time lost where the final over bowled only finished after the original cessation time for the first innings.
- 6.6.2. Should the innings of the team batting first end before the scheduled close for that innings, the Interval Between Innings shall be taken immediately and shall be of the agreed duration i.e. 20 minutes.
- 6.6.3. The scheduled close for the second innings shall be adjusted according to ensure the team batting second does not bat for longer than the scheduled 140 minutes (2 hours and 20 minutes), except for the sole purpose of completing the over in progress at that time.

Example:

Team Red bats first and is bowled out in 26.5 overs at 14h45. The interval between innings shall be taken immediately, from 14h45 to 15h05. The innings of the team batting second shall commence at 15h05. The adjusted close of play will be 17h25.

6.7. Drinks Breaks

- 6.7.1. One drinks break per session shall be permitted, half-way through the innings where the session is 26 or more overs (more than a 100 min).
- 6.7.2. In the event of a reduced innings, or part of a reduced innings where 25 or less overs (100 min or less) is to be played NO drinks break will be taken during that session.
- 6.7.3. The drinks break shall not exceed 5 minutes and must be taken on the field of play.
- 6.7.4. An individual player may be given a drink either on the boundary edge or at the fall of a wicket, on the field, provided that no playing time is wasted. No other drinks shall be taken onto the field without the permission of the umpires. Any player taking drinks onto the field shall be dressed in proper cricket attire.
- 6.7.5. **NO** allowance will be made in respect of the drinks break for calculating the over rate of an innings.

7. CAUGHT

Note Law 18.11

In the event of a caught dismissal, the new batter will be on strike even if the dismissed batter is not at the striker's end after completing a run or runs, unless it is the end of an over.

8. DEAD BALL

Note Law 20.4.2.12

If either team has suffered disadvantages from a person or animal or object entering the field, it will be called a dead ball by the umpire.

9. NO BALL

9.1. In addition to Law 21 please note the following: Free hit after a No Ball ONLY applies where official CGL umpires are present.

9.2. **Ball Pitching More than Once, Rolling or Pitching off the Pitch**

The umpire shall call and signal **No ball** if a ball which he considers to have been delivered, without having previously touched bat or person of the striker:

- bounces more than once
- or rolls along the ground before it reaches the popping crease.
- or pitches wholly or partially off the pitch as defined in Law 6, before it reaches the bowling crease.

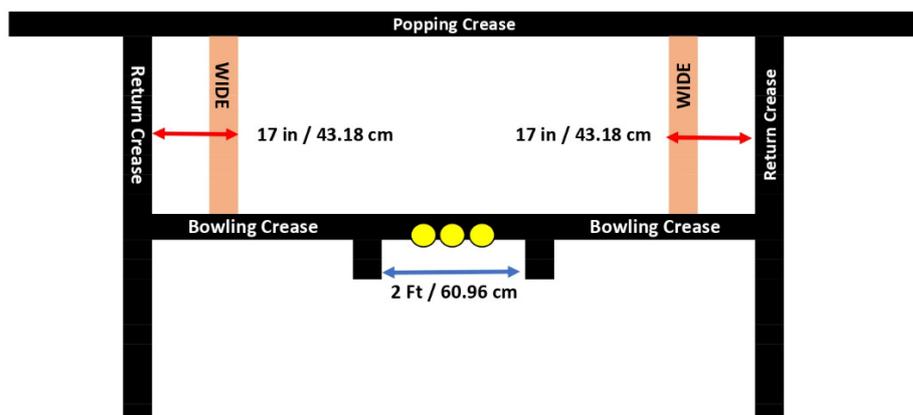

When a non-turf pitch is being used, this will apply to any ball that wholly or partially pitches off the artificial surface.

9.3. **Penalty runs**

The penalty run for a no ball shall be scored in addition to any runs otherwise scored.

10. WIDE DELIVERIES

10.1. A line shall be drawn, 17 ins/43.18cms, in from the return crease and shall extend from the popping crease to the bowling crease. This line must be used to adjudge off-side wides only.

- 10.2.** Umpires are instructed to apply very strict and consistent interpretation in this regard in order to prevent negative bowling wide of the wicket. Any delivery which passes to the leg side of the batter's legs while in his normal stance shall be called a wide.
- 10.3.** Together with points 10.1 and 10.2 the revised interpretation of judging a wide according to law should also be considered. Law 22.1.1 now reads:
If the bowler bowls a ball, not being a No ball, the umpire shall adjudge it a Wide if the ball passes wide of where the striker is standing or has stood at any point after the bowler started his run-up and which also would have passed wide of the striker standing in a normal batting position.
- 10.4.** A penalty of one run for a wide shall be scored. The penalty shall stand in addition to any other runs which are scored or awarded. All runs which are run or result from a wide ball which is not a no ball shall be scored as wide balls.
- 10.5.** A fast short pitched delivery which passes above the head of the striker standing in an upright position at the popping crease shall be called wide. However, the procedure as set out in clause 0 (short pitched deliveries) shall apply, i.e. warning related to short pitched deliveries.

11. FIELDERS ABSENCE; SUBSTITUTES

- 11.1.** Law 24.1 shall be amended as follows –

The umpires shall have the discretion to allow for other wholly acceptable reasons, a substitute fielder to act for a nominated player, at the start of the match, or at any subsequent time.

- 11.2.** Law 24.2.2 shall be replaced by the following:

If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.
