Dear Friends in Cricket,

After a very successful inaugural tournament, we are pleased to inform you that the Marks Park Cricket Club Hack Fest 2018 will be going ahead, and preparations are underway to make this year's edition an even greater success. We will be incorporating additional sporting codes such as tennis, soccer, cross country running, croquet, wrestling, table tennis and a variety of food, drink and goods markets to keep players and supporter's active and entertained. In the spirit of Heritage Day, we will be allowing and encouraging all members of the public to setup their braais and have a great time while enjoying the sporting activities.
