13. Next step is to enter match summary for following scenarios.

- a. In case game is incomplete and winner decided based on run rate.
 - b. In case number of overs on full scorecard is not matching number of overs team played.
14. From step 6 above click on Match Summary from the Matches -> Schedule

15. Enter all details like who won the toss, who batting first and number of runs , number of overs and wickets. In case rained out game and winner decided on run rate, please enter score used to determine the overs. For eg, if first innings is 40 overs and team 1 scored 200 runs. Second innings after 22 overs team 2 was 118 runs. So as per the by laws winner is determined based on run rate. In this case required run rate for team 2 to win is 5.025 (201/40). After 22 overs they should be at score 111 (22x5.025). In this case they are 118 so team 2 is winner. You enter details as follows
- Batting First
Runs : 110 Overs : 22
Batting Second
Runs : 118 Overs :22
- This will make sure runrate is calculated correctly in the system
