11.6.1 Interrupted Matches - Calculation of the Target Score

If, due to suspension of play after the start of the match, the number of overs in the innings of either team has to be revised to a lesser number than originally allotted (minimum of 20 overs), then a revised target score (to win) should be set for the number of overs which the team batting second will have the opportunity of facing. This revised target is to be calculated using the current Duckworth/Lewis/Stern method. The target set will always be a whole number and one run less will constitute a Tie. (Refer Duckworth/Lewis/Stern Regulations,).

11.6.2 Prematurely Terminated Matches

If the innings of the side batting second is suspended (with at least 20 overs bowled) and it is not possible for the match to be resumed, the match will be decided by comparison with the DLS 'Par Score' determined at the instant of the suspension by the Duckworth/Lewis/Stern method (refer Duckworth/Lewis/Stern Regulations). If the score is equal to the par score, the match is a Tie. Otherwise the result is a victory, or defeat, by the margin of runs by which the score exceeds, or falls short of, the Par Score.

Special Note: Calculations shall be done (12.1 or 12.2) by the umpires using Computer or Mobile App versions while both team captain present. App type: Duckworth Lewis Calculator by Tarams In; <https://appadvice.com/app/duckworth-lewis-calculator/525417125>

11.7 A Win

11.7.1 The team that scores the most runs in their Innings wins the match, provided both innings have been completed to the maximum required over and/or the team has been bowled out.

11.7.2 A result can be achieved only if both teams have had the opportunity of batting for at least 5 overs, unless one team has been all out in less than 5 overs or unless the team batting second scores enough runs to win in less than 5 overs.

11.8 Forfeit

11.8.1. If a team does not show up for a scheduled game, the points will go to the team that is present provided that the team is ready to play as determined by the umpires. The umpires must sign the player list and submit a match report.

17 The Bowling of Fast Short Pitched Balls (Law 42.6 (a) shall be replaced by the following:)

17.1 A bowler shall be limited to one (1) fast short-pitched deliveries per over.

17.2 A fast short-pitched delivery is defined as a ball which passes or would have passed above the shoulder height of the striker standing upright at the popping crease.

17.3 The umpire at the bowler's end shall advise the bowler and the batsman on strike when each fast short pitched delivery has been bowled.

17.4 In addition, for the purpose of this regulation and subject to Clause 42.4.1 (f) below, a ball that passes above head height of the batsman, that prevents him from being able to hit it with his bat by means of a normal cricket stroke shall be called a wide.

17.5 For the avoidance of doubt any fast short pitched delivery that is called a wide under this playing condition shall also count as the allowable short pitched delivery in that over.

17.6 In the event of a bowler bowling more than one (1) fast short-pitched deliveries in an over, the umpire at the bowler's end shall call and signal no ball on each occasion.
A differential signal shall be used to signify a fast-short pitched delivery. The umpire shall call and signal 'no ball' and then tap the head with the other hand.

17.7 If a bowler delivers a second fast short pitched ball in an over, the umpire, after the call of no ball and when the ball is dead, shall caution the bowler, inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred. This caution shall apply throughout the innings.

17.8 If there is a second instance of the bowler being no balled in the innings for bowling more than one (1) fast short pitched deliveries in an over, the umpire shall advise the bowler that this is his final warning for the innings.

17.9 Should there be any further instance by the same bowler in that innings, the umpire shall call and signal no ball and when the ball is dead direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.

17.10 The bowler thus taken off shall not be allowed to bowl again in that innings.

17.11 The umpire will report the occurrence to the other umpire, the batsmen at the wicket and as soon as possible to the captain of the batting side.

17.12 The umpires may then report the matter to the FSPL who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play - Responsibility of the Captains.)

18 Bowling of High Full Pitched Balls (Law 42.6 (b) shall be replaced by the following)

18.1 Any delivery, which passes or would have passed on the full above waist height of the striker standing upright at the popping crease is deemed unfair, whether or not it is likely to inflict physical injury on the striker.

18.2 In the event of a bowler bowling a high full pitched ball as defined in Clause 42.4.2 (a) above, the umpire at the bowler's end shall call and signal no ball. If, in the opinion of the umpire, such a delivery is considered likely to inflict physical injury on the batsman, the umpire at the bowler's end shall, in addition to calling and signalling no ball, when the ball is dead, caution the bowler and issue a first and final warning.

The umpire shall inform the other umpire, the captain of the fielding side and the batsmen at the wicket of what has occurred.

18.3 Should there be any further instance (where a high full pitched ball is bowled and is considered likely to inflict physical injury on the batsman) by the same bowler in that innings, the umpire shall in addition to calling and signalling no ball, when the ball is dead, direct the captain to take the bowler off forthwith. If necessary, the over shall be completed by another bowler, who shall neither have bowled the previous over, or part thereof, nor be allowed to bowl the next over, or part thereof.

18.4 The bowler thus taken off shall not be allowed to bowl again in that innings.

18.5 The umpire will report the occurrence to the other umpire, the batsman at the wicket and as soon as possible to the captain of the batting side.

18.6 The umpires may then report the matter to the SFPL who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play - Responsibility of the Captains.)

19 Deliberate bowling of High Full Pitched Balls (Law 42.8 shall be replaced by the following:)

If the umpire considers that a high full pitch delivery which is deemed unfair as defined in Clause 42.4.2 was deliberately bowled, then the caution and warning process shall be dispensed with.

The umpire at the bowler's end shall:

19.1 Call and signal no ball.

19.2 When the ball is dead, direct the captain to take the bowler off forthwith.

19.3 Not allow the bowler to bowl again in that innings.

19.4 Ensure that the over is completed by another bowler, provided that the bowler does not bowl two overs or part thereof consecutively.

19.5 Report the occurrence to the other umpire, to the captain of the batting side and the SFPL who shall take such action as is considered appropriate against the captain and the bowler concerned. (Refer also to Law 42.1 Fair and Unfair Play Responsibility of the Captains).

19.6 Ball - Delivery strike legal limit

In the event that a bowler deliberately bend the arm at the delivery strike more than the legal limit (15 degree), umpire shall call and signal no ball. In addition, report shall be submitted to the SFPL who shall take such action as is considered appropriate for the bowler in concerned.

20 Time Wasting by the Fielding Side (Law 42.9 shall apply subject to Law 42.9 (c) being replaced by the following:)

If either umpire considers that there is any further waste of time in that innings, by any member of the fielding side the umpire concerned shall:

20.1 Call and signal dead ball if necessary, and;

20.2 Award 5 penalty runs to the batting side (see Law 42.17).

20.3 Inform the other umpire, the batsmen at the wicket and as soon as possible the captain of the batting side of what has occurred.

20.4 If the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the Code of Conduct. In such circumstances the Captain and, if necessary, members of the team concerned will be charged.

21 Batsman Wasting Time (Law 42.10 shall apply, subject to the following)

If the incoming batsman is not in position to take guard or his partner not ready to receive the next ball within 2 minutes of the fall of the previous wicket, the action should be regarded by the umpires as time wasting and the provisions of Law 42.10 shall apply.

In addition, Law 42.10 (b) shall be replaced by the following:

If either umpire considers that there is any further waste of time by any batsman in that innings, the umpire concerned shall:

21.1 Call and signal dead ball if necessary, and;

21.2 Award 5 penalty runs to the fielding side (see Law 42.17).

21.3 Inform the other umpire, the other batsman and as soon as possible the captain of the fielding side of what has occurred

21.4 In addition, if the umpires believe that the act of time wasting was deemed to be deliberate or repetitive, they may lodge a report under the Code of Conduct. In such circumstances the batsman concerned will be charged.

22 Fitness for play - Suspension of play in dangerous or unreasonable conditions

22.1 If at the umpires together agree, that the conditions of ground, weather or light are so bad that there is obvious and foreseeable risk to the safety of any player or umpire, so that it would be unreasonable or dangerous for play to take place, then they shall immediately suspend play, or not allow play to commence or to restart. The decision as to whether conditions are so bad as to warrant such action is one for the umpires alone to make, following consultation with the SFPL Board (available board member at the time).

The fact that the grass and the ball are wet and slippery does not warrant the ground conditions being regarded as unreasonable or dangerous. If the umpires consider the ground is so wet or slippery as to deprive the bowler of a reasonable foothold, the fielders of the power of free movement, or the batsmen of the ability to play their strokes or to run between the wickets, then these conditions shall be regarded as so bad that it would be unreasonable for play to take place.

22.2. If circumstances are warranted, for games that not started due to ground conditions or park closure, SFPL Board (members available at the time) together with umpires may change the ground to a location where a game can play with the SFPL playing conditions. Team shall accept the change of location prepare to play. Any teams refused to play, shall consider forfeit the game.

APPENDIX A:

Procedure for the One over per Side Eliminator (Applied for playoffs only)

The following procedure will apply should the provision for a one over per side eliminator be adopted in any match.

1. Subject to weather conditions the one over per side eliminator will take place on the scheduled day of the match at a time to be determined by the official umpires. In normal circumstances it shall commence 10 minutes after the conclusion of the match.
3. The one over per side eliminator will take place on the pitch allocated for the match (the designated pitch) unless otherwise determined by the umpires.
4. The umpires shall stand at the same end as that in which they finished the match.
5. The umpires shall choose which end to bowl and both teams will bowl from the same end.
6. Prior to the commencement of the one over per side eliminator each team elects three batsmen and one bowler.
7. The nominated players are given in writing to the official umpires. The umpires shall not disclose the names of the nominated players to any other person until both teams have submitted their respective nominees.
8. Each team's over is played with the same fielding restrictions as apply for the last over in a normal 40 over match.
9. The team batting second in the match will bat first in the one over eliminator.
10. The same ball (or a ball of a similar age if the original ball is out of shape or lost) as used at the end of the team's innings shall be used for the "extra" over.
11. The loss of two wickets in the over ends the team's one over innings.
12. In the event of the teams having the same score after the one over per side eliminator has been completed, the team whose batsmen hit the most number of boundaries combined from its two innings in both the main match and the one over per side eliminator shall be the winner.
13. If the number of boundaries hit by both teams is equal, the team whose batsmen scored more boundaries during its innings in the main match (ignoring the over per side eliminator) shall be the winner.
14. If still equal, a count-back from the final ball of the one over eliminator shall be conducted. The team with the higher scoring delivery shall be the winner. If a team loses two wickets during its over, then any unbowled deliveries will be counted as dot balls. Note that for this purpose, the runs scored from a delivery is defined as the total team runs scored since the completion of the previous legitimate ball, i.e including any runs resulting from wides, no ball or penalty runs.

Example:

RUNS SCORED FROM	TEAM 1	TEAM 2
Ball 6	1	1
Ball 5	4	4
Ball 4	2	1
Ball 3	6	2
Ball 2	3	1
Ball 1	2	6

In this example both teams scored an equal number of runs from the 6th and 5th ball of their innings. However team 1 scored 2 runs from its 4th ball while team 2 scored a single so team 1 is the winner.
