South Florida Softball Cricket Association

Section 6: Results, Points & Net Run Rate *continue*

If the team batting second exceeds the score of the team that batted first, the team batting second is awarded a WIN; if not, then the team that batted first is awarded the WIN.

If the scores are equal, the result shall be a tie and no account shall be taken of the number of wickets which have fallen. In Semi-Final and Final matches, a Super Over is used to determine a winner if the match ends in a Tie. See addendum at end of this document.

If unforeseen circumstances, including, but not limited to, bad weather prevents further play during the innings of the team batting second, then the result of the game shall be determined as follow:

If less than TEN (10) were completed for the team batting second, the result of the game is a No Result. If TEN (10) or more overs were completed for the team batting second, then game will be decided by net run rate.

Any awarded Win against a team that is either disbanded or has been expelled during any competition will stand. Also, all statistics relating to any such games will be considered in determining prizes.

Win	Tie or No Result	Loss
2 points	1 points	0 points

In the event of teams finishing on equal points, then the following tie breaker will determine the final placing in the points standings:

If teams are tied on points at the end of the preliminary rounds, the winner is team with the highest net run rate.

In a match declared as abandoned or walk-over, run rate is not applicable.

South Florida Softball Cricket League

Section 6: Results, Points & Net Run Rate *continue*

A team's net run rate is runs per over scored by that team calculated by throughout the competition, the runs per over scored against that team throughout the competition.

In the event of a team being all out in less than its full quota of overs, the calculation of its net run rate shall be based on the full quota of overs to which it would have been entitled and not on the number of overs in which the team was dismissed. Only those matches where results are achieved will count for the purpose of net run rate calculations. The net run rate will use three (3) decimal points.

South Florida Softball Cricket League

Section 16: Code of Conduct *continue*

Preamble to the Laws

Cricket is a game that owes much of its unique appeal to the fact that it should be played not only within its Laws but also within the Spirit of the Game. Any action which is seen to abuse this spirit causes injury to the game itself. The major responsibility for ensuring the spirit of fair play rests with the captains.

These are two Laws which place responsibility for the team's conduct firmly on the captain.

Responsibility of captains

The captains are responsible at all times for ensuring that play is conducted within the Spirit of the Game as well as within the Laws.

Player's conduct

In the event of a player failing to comply with instructions by an umpire, or criticizing by word or action the decision of an umpire, or showing dissent, or generally behaving in a manner which might bring the game into disrepute, the umpire concerned shall in the first place report the matter to the other umpire and to the player's captain, and instruct the latter to take action.

Fair and unfair play

According to the Laws the umpires are the sole judges of fair and unfair play. The umpires may intervene at any time and it is the responsibility of the captain to take action where required.

The umpires are authorized to intervene in cases of:

- Time wasting
- Damaging the pitch
- Dangerous or unfair bowling
- Tampering with the ball and any other action that they consider to be unfair

South Florida Softball Cricket League

Section 16: Code of Conduct *continue*

The Spirit of the Game involves RESPECT for:

- Your opponents
- Your own captain
- The roles of the umpires
- The game's traditional values

It is against the Spirit of the Game:

To dispute an umpire's decision by word, action or gesture.
To direct abusive language towards an opponent or umpire.
To indulge in cheating or any sharp practice, for instance:

- (a) to appeal knowing that the batsman is not out
- (b) to advance towards an umpire in an aggressive manner when appealing
- (c) to seek to distract an opponent either verbally or by harassment with persistent clapping or unnecessary noise under the guise of enthusiasm and motivation of one's own side

Violence

There is no place for any act of violence on the field of play.

Players

Captains and umpires together set the tone for the conduct of a cricket match. Every player is expected to make an important contribution towards this (www.Lords.org/laws).

South Florida Softball Cricket League

Section 16: Code of Conduct *continue*

The aforementioned infractions and cautions are not inclusive of all potential infractions and cautions. All Managers, Captains, and team members collectively are responsible for ensuring exemplary behavior and sportsmanship.

Note: Regardless of the penalties stipulated above, depending upon the incident(s), the Tournament Committee reserves the right to consider instituting further penalties. The penalties stipulated above are final.

After each game, teams are kindly asked to ensure that the park and playing area is clean of all garbage and beverage containers.

Urinating in public is a criminal offense and is strictly enforced by park officials. Parks now uses CCTV to monitor for such activity.

SFSCCL would like to remind you that it is illegal to consume alcoholic beverages in public parks. In addition, gambling is prohibited.

Section 17: Umpires

The League will supply Umpires. One official umpire will rule each game. Batting team may be required to provide a square-leg umpire.

Section 18: Prizes

Trophies, plaques and other awards will be presented at the conclusion of this tournament.

Note: Cash Prize for First Place ONLY!

Section 19: Bad Weather

Should bad weather stop play, 10 overs must be completed in the second inning to arrive at a decision. If this is not possible then the game will be treated as a No Result.

South Florida Softball Cricket League

Section 20 : Super Over

For playoff matches only where the result is a **Tie, a Super-Over will be played.** Immediately after the first game concludes a one (1) over (Super Over) game will be played. The two (2) captains will spin a new toss and will decide which team will bat or field first.

The game must be played using the same pitch and the same eleven (11) players as in the earlier game. An injured player may use a substitute fielder who would not be allowed to bat, bowl or as the wicketkeeper.

Should the Tiebreaker end with the scores still tied, the following will decide the winner: the team hitting the most sixes in the match, including the Super Over, will be the winner. If by any chance there is still a tie; the winning team is the one with the higher number of fours (boundaries) in the match, including the Super Over.

Section 21 : Power Play Guidelines

The first six **(6) overs** of each inning will be designated as "Power Play Overs"; during and after these "Power Play Overs" there will be fielding restriction. Teams should use the cones provided by the league to mark the 75ft fielding circle as this circle has to be visible from the ruling umpire position.

1. During the "Power Play Overs" a maximum of three **(3) fielders** are allowed outside of the 75ft fielding circle.
2. If there are more than three **(3) fielders** outside of the 75ft fielding circle during the "Power Play Overs" when the ball is delivered it will be called a no ball by the umpire and signal to the scorers.
3. After the "Power Play Overs" a maximum of five **(5) fielders** are allowed outside of the 75ft fielding circle.
4. All fielders fielding within the restricted circle must be within the circle when the bowler is ready to bowl.
5. If there are more than five **(5) fielders** outside of the 75ft fielding circle after the "Power Play Overs" when the ball is delivered it will be called a no ball by the umpire and signal it to the scorers.
6. There is no limit of many fielders a team can have inside of the 75ft fielding circle after the "power Play Overs"
7. There is no limit to how many over a bowler can bowl during the "Power Play Overs".
8. If for some reason a team does not have a full fielding team they are allowed **five (5) fielders** outside of the 75ft fielding circle after the "Power Play Overs"
9. The 5/4 fielding rule is still in effect.
