## From the Head of Cricket....

A festival that has been inaugurated with the intention of U14 Boys to look forward to an annual calendar event whereby they can showcase their talent amongst some of the best talent within the Gauteng Province. Friendships and rivalries are to be made that will last a lifetime. I truly hope the boys enjoy themselves out on the field. Thank you to all those involved to make such an occasion possible.

**Kurt Human | Head of Cricket**

## From the Deputy Head of Co-Curricular...

School sport in the context of today's society is crucial for several reasons. I refer to the act of participation for your school, building friendships, learning many life skills, and allowing yourselves to commit to something more than just myself as an individual. It is truly valuable to learn these lessons as a young scholar and no better time than through a festival environment amongst young likeminded individuals. The quotation below describes a wonderful lesson that I trust will be learnt by all, perhaps not through this festival but more so through the life at school.

“There’s a difference between interest and commitment. When you’re interested in doing something, you do it only when circumstances permit. When you’re committed to something, you accept no excuses, only results.”

– Art Turock

**AJ Rudman | Deputy Head: Co-Curricular Activities**
