#### **Section A**

Please **check** to assess each Umpire under these seven headings. In assessing, remember that when asked to make a decision, if a doubt exists in the Umpire's mind, then the benefit of that DOUBT must always be given to the batsman. This 'benefit' should not necessarily be seen as an error.

*Guidelines: A mark of **Satisfactory** is average and should be the starting point. A mark of **Very Poor** must be supported by detailed description in the Comments section below. Umpires with an overall performance rating of Very Poor will be decertified; however, Captains must provide concrete examples to support such a rating. CACU may ask for more information at its discretion.*
