

FLORIDA CRICKET CONFERENCE

2021 - 2022 Winter Blast 30

PLAYING CONDITIONS

Version 2022.01.04

www.florida-cricket.com

MCC Laws governing except where otherwise stated in these playing conditions. The league games will be played in accordance with the MCC 2019 Laws of Cricket and more importantly the spirit of the Game. FCC management reserves the sole right to make decisions and take actions against any teams that violate the laws of cricket and spirit of the game. FCC reserves the right to interpret and implement rules and add clarification to the rules during the league.

The FCC Executive Committee will be the final authority of all cricketing matters. All team members having read these rules agree to be bound by them and recognize the FCC Executive Committee as the final arbitrator in all matters.

FORMAT:

Teams will be divided into three pools (Premier, Championship, Flagship) based on ranking during regular season play of the previously concluded FCC 2020 - 2021 Winter Challenge 35. New teams will be introduced into the Flagship pool. Each team will play twice against every other team within their pool. All matches will be 30 overs, played in colored (Uniforms where the color white is the major portion will not be allowed) clothing and with approved FCC white balls.

Premiership	Championship	Flagship
1. Islanders CC	1. Palm Bay CC	1. Gully Boyz CC
2. 22 Yards CC	2. Daytona Tigers CC	2. Orange County CC
3. Strykers CC	3. Orange County CC	3. Orlando Lions CC
4. Lions United CC	4. Orlando Knight Riders CC	4. Polk County CC
5. Clermont CC	5. Just In Case CC	5. Poinciana CC
6. Orlando CC	6. Orlando Super Kings CC	6. United CC

Clubs have been arranged based on the random picks that they made on Nov 14, 2021, at Silver Star Bowl. This was done to develop a schedule based on the same. Orange County CC has decided to put 2 teams into the competition and based on the way they finished during the previous T35 season they have one entry in Championship and a new entry into Flagship. Since they are ONE club with 2 entries, as with any Club based operation, they have the flexibility to move players between Championship & Flagship teams on any given weekend. Any club that is participating in FCC tournaments is welcome to enter more than 1 team to enjoy this kind of flexibility to promote player development within their respective clubs.

The top four teams (based on round robin rankings at the end of the regular season) in each pool will advance to the playoffs, with the top 2 getting a second chance at qualifying to the finals.

Teams that finish bottom 2 (5 and 6) in the Premiership & Championship will play

a knockout game to decide which team gets relegated to Championship & Flagship respectively.

In the Championship pool & Flagship pool, the winner of the season gets promoted to Premiership & Championship respectively.

All Finals (Premiership, Championship & Flagship) game ground fees and umpire fees shall be the responsibility of the league. All other round robin & playoff games the clubs are expected to pay the ground fees & the umpire fees. Premiership playoff teams (1 vs 2 & 3 vs 4) get their first pick with respect to location followed by Championship (1 vs 2 & 3 vs 4) and then finally by Flagship (1 vs 2 & 3 vs 4).

PRIZE DISTRIBUTION:

- Premier League Winner \$ 800
- Premier League Finalist \$ 500
- Championship League Winner \$ 600
- Championship League Finalist \$ 400
- Flagship League Winner \$500
- Flagship League Finalist \$300

Prizes will be distributed for individual performances. For performances where cumulative or average functions are employed, performance until the finals will be considered.

RESULTS:

Win: 4 Points

Loss: 0 points

Abandoned due to inclement weather (or other drivers): 2 points each

Bonus Point: 1 point for getting the opposing team all out.

Bonus Point: 1 point for chasing the target total within 3/4th of the allotted overs. In a regular T30 game, the target should be successfully chased in 22.3 overs or less.

Bonus Point: 1 point for getting 200 or more runs in an innings.

Bonus Point: 1 point for restricting the opponent (while bowling second) to less than 50% of the first innings score.

All bonus point situations cannot be prorated to match situations in case the number of overs gets reduced (due to whatever may be the reason).

4 points will be deducted from the point total of the forfeiting team for any forfeiture games

TIE BREAKER RULES:

If at the conclusion of regular season play the teams are tied on points the following tie breaker rules will be enforced:

- Head to Head Winner
- Net Run Rate
- Away Wins

SCORESHEETS SUBMISSION:

All games must be scored live using the CricClubs App. Paper copies may be used for scoring during the game only as a backup where there is a universal technical problem with respect to live scoring via CricClubs. Scoresheet could be adjusted to reflect the correct fielders no later than THURSDAY following the game. In case of a universal technical problem, the Winning team should update the scorecard on CricClubs before THURSDAY, failing to perform this task in its entirety, both teams will not be awarded any points (including bonus situations). Failure to use the live scoring app (where there are no technical issues), will incur an automatic

2-points deduction. Teams are expected to use the app to score only when their respective team is batting. If there is only ONE official umpire during a game, the batting team representative standing as square leg umpire, CANNOT be scoring using the app.

FEES:

All clubs are required to pay a ground fee of \$ 60 prior to the start of each game. This fee must be paid to the designated FCC Ground representative. In the event the FCC Ground representative is absent, the teams are expected to pay the umpires.

All clubs are required to pay the umpires the applicable fees prior to the start of each game.

The fees are:

\$ 60 per club - one umpire is present at the game

The batting team is expected to act as the square-leg umpire in this scenario. The main official umpire has the authority to overrule ANY decision made by the square leg umpire.

\$ 80 per club - two umpires are present

Umpires will NOT perform the toss before collecting their fees (and the ground fees if applicable). Any delays to the toss due to this will count against the offending team(s).

Please use the umpire feedback form to report about the quality of umpiring (good / bad) to the league.

All reports must be sent to fccflorida.cricket@gmail.com

Clubs are expected to use only the above-mentioned methods to report about umpires as well as any of the league related issues. Using social media as a complaining platform will NOT be tolerated and could result in negative points against the offending team(s) as well as an immediate suspension from taking part in FCC games.

PLAYER WAIVER & TEAM ROSTER:

All players must sign a NEW COVID-19 player waiver form to participate in this competition; please see **APPENDIX A** for additional information. Teams are responsible for submitting signed waiver forms of their players and team roster to FCC no later than the Saturday noon prior to Game Day. For Saturday night games, the deadline is noon Friday. Any player found to be playing without a

signed waiver will be suspended for 2 games following the game he participated in. Teams playing with an ineligible player will lose all points for that game and will be subject to a penalty of \$100, which must be paid to FCC prior to their next game.

In a situation where a team wants to introduce a new player after the above-mentioned deadlines, they can do the same by following these steps

1. Have the new player (A) submit the online waiver and show the proof of the received email to the umpire / opposite captain during the game.
2. There will be 2 reserve player identities added to every team's roster - the new player (A) assumes the identity of one of the reserve players during the game.
3. Once the FCC admin adds the new player to the team's roster, the scorecard should be fixed to show the correct identity of the represented new player.
4. This update will also follow the previously mentioned Thursday deadline.

All teams are expected to upload a picture of the representing player in CricClubs before January 2022. Please have the captains / managers work with the FCC admins to complete this in an orderly fashion. Any player with no picture will NOT be allowed to compete in the tournament - The umpires will be the sole entity allowed to decide this, not the captains.

RAIN COVERS FOR PITCH:

Rain Covers: All teams designated as "HOME" teams are required to provide covers and install (when needed) for a game regardless of which ground the game is being played at. Teams failing to provide covers in a rain event will lose all points for that game. 6mil plastic covers 10ft x 100ft. In the event of a day with higher forecasted chance for a rain, the umpires can check for the availability of covers before toss and decide accordingly.

Home team is also responsible to perform the following actions:

1. Cover the entire pitch and a few feet (approximately 17 feet) on either side of the short edge of the pitch rectangle to protect the run-up for the bowlers.
2. Bring adequate sandbags / any other tiedowns to keep the cover from flying away from the intended position.
3. Once the umpire completes the inspection, after the rain has slowed down / completely stopped, the HOME team is also responsible for removing the covers from the pitch without causing any further delays to the game - things like seepage of water into the pitch / run up during the process of removing the covers would count against the home team.
4. If the entire delay (cumulative duration) is more than 60 minutes, the game gets called off.
6. Home teams that do not bring any cover, lose the game.
7. Home teams that bring a cover that do not adhere to the standards mentioned

above, lose the game.

GENERAL RULES:

1. All games must be played with official white Florida Cricket Conference balls.
2. All players on the field must play in a uniform that represents the club - for example a club may have revised its uniform over the years and if the uniform shows the club's name in similar type of design (color fading is natural) all is well. No exceptions will be made; players not in uniform cannot be on the field of play. Additionally, all batmen leg guards/pads must be colored. The Wicketkeeper is highly encouraged to wear colored pads, but in the event where he does not have them, he can wear white colored pads. No country affiliations shall be visible on the uniforms i.e., India, Pakistan, Guyana, etc. No other league affiliations shall be visible on the uniforms. Players not adhering to these conditions will not be allowed to play. The umpires will be the sole entity allowed to decide this, not the captains. Teams have until the last game in December 2021 to have their uniform issues addressed, until then please do let the umpires know if there is going to be a violation during the toss. From January 2022, if there is a violation with respect to uniform, the offending player will not be allowed to play the game and if the number of players in proper attire is less than 7, the offending team loses the game provided the opponent has at least 7 players in proper attire.
3. There is no player registration requirement for league regular games. However, once a player has played for a club, he cannot represent another club unless the player, or the receiving club notifies the league of a transfer. Player transfer must take place prior to his second 2nd game for the club that he originally signed up for the tournament (matches abandoned due to inclement weather with no result are NOT counted as games played for this purpose). The player or his receiving club must pay a fee of \$35 for each player transfer. Any club cannot accept more than two players from any one club. All transfers must take place before the club losing the player, plays more than 30% of its total round robin games.
4. Playoff eligibility: A player must have played 3 (three) regular league games for a team to represent that team in the playoffs. For a transferred player, games for his previous team will count towards playoff eligibility; however, the player must have played at least two games for the new team. If a player is present at the game and the game is abandoned without play, that game DOES NOT count towards player eligibility. However, the game will count towards player eligibility if at least one over is bowled. Player eligibility will be verified by score sheets submitted. Only designated umpires have the final decision regarding condition suitability for playing.

5. Playoff Rosters will be validated by the league off the CricClubs database. The qualified player lists will be published ahead of the playoffs. Once the lists are published NO CHANGES will be made to amend player lists. It is the responsibility of the teams to make sure that all score sheets are correct with the appropriate players names. Once scorecards are locked on Saturday following the match, no additional changes will be allowed; Manual update to scorecards & roster uploads are due no later than the Thursday following the match.
6. Each team must submit a roster of up to 13 players prior to the toss of each game. A player cannot have a dual registration. If a player is found to have dual registration, the player will belong to the team from where he plays first. It is the team Captain's responsibility to send in the roster of players from all matches played during the season. The league requires that the lists are sent in per match prior to the matches and submitting the lists to the umpires. There are only 2 formats that will be accepted by the umpires - both the formats are shown in Appendix D. The list (if written manually or typed) should show both the first name and last name of the player. If there is a violation, the umpire can deduct up to 4 overs from the offending team.
7. Consumption of alcohol is not permitted on ALL FCC games.
8. Neither the players nor the umpires shall carry cell phones on the playing field.
9. Teams designated as host (home) teams must set up the field as explained in the FIELD SETUP section of this document. Also, at the end of the game the home team is expected to perform the cleanup of the used items (Stumps, Bails, Chalk, Inner Circle cones & Boundary Flags) off the field as well.
10. Following players are required to wear a helmet:
 - Both Batsmen (always)
 - Wicket keeper when standing up to the stumps
 - Fielding positions close to the facing batsmen, umpires will enforce this safety standard.

MATCH RULES:

1. Each match will consist of 30 overs.
2. All games shall start at times designated on the league schedule. Coin toss must occur fifteen minutes prior (10:15am) to game start time of 10:30am.
3. Each match will consist of 30 overs.
4. There will be a one over penalty for each five minutes for a team failing to be ready with a minimum seven players at the scheduled time of COIN TOSS at 10:15am. Umpires will deduct overs from coin toss time NOT start time.
5. There can be up to 13 players in each team. A minimum of 7 players in playing uniform are required from each team to start a game. A team roster must be submitted to the umpires prior to coin toss. All players included in the roster

must be listed in the batting list in the score sheet whether they batted or not. Rosters can be updated before the first ball of the match is bowled, after that NO updates to the roster will be allowed. Umpires must check the batting list against the submitted roster prior to signing the score sheets.

6. Each batting side may bat any 11 players from the 13-player roster. The league recommends that each team have at least 3 batsmen always padded up in the dugout to limit delay in play. As soon as an out is registered, the new batsman can take only a maximum of 90 seconds to get into the field and be ready to face the next ball from the bowler. Ideally the outgoing batsman and the incoming batsman must be able to punch gloves in the outfield to avoid any unwanted delays to the game. Any delays with respect to the new batsman getting ready could result in a Timed Out if the fielding team were to make an appeal.
7. There will be a 5-minute break after the 15th over and an Innings break that will be 15 minutes between innings but can be shortened at the umpire's discretion on weather interrupted matches.
8. A match is "official" if both teams can bat a minimum of 12 overs. No Result applies when the team batting second was not able to bat a minimum of 12 overs, due to weather conditions or other extraordinary circumstances.
9. If a game is interrupted (a game that has started already) due to inclement weather, umpire(s) will allocate a total cumulative wait time of 60 min for the entire game before making the call on the possibility of completing the game. The umpire(s) will use his / their experience, weather forecasts, the time taken by the home team to put the covers in place before the rain and the draining capability of the field to make this call. The umpire's call is final.
10. If the start time of the game is interrupted, the umpires may reduce the numbers of overs, powerplay overs, and max overs per bowler at their discretion. The umpires must wait for up to 60 minutes before deciding with respect to the possibility of a game. The umpire(s) will take into consideration his / their experience at that field, weather forecasts, the time taken by the home team to put the covers in place (The expectation from the home teams is to put the covers as soon as they show up in case of morning showers before the toss) and the draining capability of the field to make this call. The umpire's call is final.
11. If a game is interrupted during the first innings, the team batting first must play a minimum of 20 overs. Umpires can reduce the overs of the team batting second and adjust the target score based on the run-rate of the first innings. However, the number of overs in the second innings cannot be reduced to less than 12 overs.
12. There will be a one over penalty for each five minutes for a team failing to be ready with a minimum seven players at the scheduled time of COIN TOSS at 10:15am. Umpires will deduct overs from coin toss time NOT start time.

13. There can be up to 13 players in each team. A minimum of 7 players in playing uniform are required from each team to start a game. A team roster must be submitted to the umpires prior to coin toss. All players included in the roster must be listed in the batting list in the score sheet whether they batted or not. Rosters can be updated before the first ball of the match is bowled, after that NO updates to the roster will be allowed. Umpires must check the batting list against the submitted roster prior to signing the score sheets.
14. There will be a 5-minute break after the 15th over and an Innings break that will be 15 minutes between innings but can be shortened at the umpire's discretion on weather interrupted matches.
15. A match is "official" if both teams can bat a minimum of 12 overs. No Result applies when the team batting second was not able to bat a minimum of 12 overs, due to weather conditions or other extraordinary circumstances.
16. If a game is interrupted (a game that has started already) due to inclement weather, umpire(s) will allocate a total cumulative wait time of 60 min for the entire game before making the call on the possibility of completing the game. The umpire(s) will use his / their experience, weather forecasts, the time taken by the home team to put the covers in place before the rain and the draining capability of the field to make this call. The umpire's call is final.
17. If the start time of the game is interrupted, the umpires may reduce the numbers of overs, powerplay overs, and max overs per bowler at their discretion. The umpires must wait for up to 60 minutes before deciding with respect to the possibility of a game. The umpire(s) will take into consideration his / their experience at that field, weather forecasts, the time taken by the home team to put the covers in place (The expectation from the home teams is to put the covers as soon as they show up in case of morning showers before the toss) and the draining capability of the field to make this call. The umpire's call is final.
18. If a game is interrupted during the first innings, the team batting first must play a minimum of 20 overs. Umpires can reduce the overs of the team batting second and adjust the target score based on the run-rate of the first innings. However, the number of overs in the second innings cannot be reduced to less than 12 overs.
19. The team scoring the most runs in its allotted overs will be the winner. If the team batting second completes 12 or more overs but not its full allocation of overs, then the winner will be the one with the better Net Run-Rate during that match
20. In the event of a tie match after the allotted overs, the teams shall compete in a super over to determine the winner. Refer to Appendix B.
21. No bowler shall bowl more than 6 overs in an innings.
22. Wides - A penalty of one run for a wide plus any runs scored from the delivery. Any leg-side delivery automatically shall be called a wide.

23. Free-hit No Ball - ALL NO BALLS WILL RESULT IN A FREE HIT
24. Only one delivery per over is allowed over shoulder height and below head height of the player standing in an upright position. A second delivery over shoulder height will be called a no-ball. Any delivery over the head height shall be called a wide & will count towards the one allowed short pitched delivery for that over.
25. Fielding Restrictions: A maximum of 2 players are allowed outside the 30-yard circle during the first 8 overs of any normal inning - Power Play.
26. A minimum of 4 fielders (other than the bowler and the wicket keeper) should be inside the 30-yard circle after the power play is completed for the rest of the inning.
27. In the event where the fielding team has only 7 players, they can still field 2 outside the 30-yard circle during power play and will have to field 4 fielders inside the 30-yard circle after the power play.
28. During a scenario where rain reduces the number of overs for a game, a proportional adjustment will be made by the umpires with respect to Power Play overs & the maximum number of overs a player could bowl.
29. Each team has 2 hours and 40 minutes to complete their quota of 30 overs (5 Minutes per over and additional 10 minutes for breaks and other unexpected delays to the game) - any delays caused by the fielding team or the batting team - the umpire will apply Laws 41.9 and / or 41.10 accordingly. In the event where the number of overs is reduced, the teams are expected to maintain the same over rate to complete the game in a timely manner. Failure to do the same gives the umpire to apply laws 41.9 and / or 41.10 as they see fit.
30. In a scenario where a team starts the game with 7 players and ONE of their 7, gets injured and cannot field / bat, the game should still be completed until the team with the smaller number of players decides to forfeit the game.
31. A batsman may retire at any time during his innings when the ball is dead. The umpires, before allowing play to proceed, shall be informed of the reason for a batsman retiring.
32. If a batsman retires because of illness, injury, or any other unavoidable cause, that batsman is entitled to resume his innings. If for any reason this (retired batsman coming back to bat) does not happen, that batsman is to be recorded as 'Retired - not out'.
33. If a batsman retires for any reason other than as in clause 31, the innings of that batsman may be resumed only with the consent of the opposing captain. If for any reason his innings is not resumed, that batsman is to be recorded as 'Retired - out'.
34. If after retiring a batsman resumes his innings, subject to the requirements of clauses 32 and 33, it shall be only at the fall of a wicket or the retirement of another batsman.

35. If a batting team loses all its wickets, and if there are overs (or balls) to be bowled by the bowling team, and if the retired-not out batsmen cannot come back to bat, the batting team would be considered to have lost all its wickets and the bowling team will be awarded all the applicable bonus points.

36. Runners (The practice of using a bye-runner, where a player from the batting team is allowed to run for an injured batsman) shall NOT be permitted.

37. Use of mobile phones on the field by umpires (Official Ones) as well as batting team players that act as square leg umpires AND by players from the fielding side and batsmen - The playing conditions clearly state that mobile phones should NOT be used (or even brought into the field of play). If the main umpire observes a violation, at first instance it is a warning, and second instance is a 5 runs penalty and third instance would mean ejecting the player (or players) from the game (with no substitutions).

38. Video Recording of FCC games: With video analytics and video analysis becoming popular a few teams are video recording their games and, in the process, bringing Mobile Phones in to the field of play. Creating videos to make posts on Social Media and YouTube is a good thing to promote Cricket, but this must be done in a safe manner.

- No mobile phone-based recordings inside the field of play.
- All video recordings should happen from outside the field of play, irrespective of the type of recording device (mobile phones - in silent mode OR non-mobile phone-based video cameras)
- Any non-mobile phone-based recording (GoPro / Regular video cameras) could be done (in the field of play) provided the equipment does not bother the fielding / batting teams.

Any violations of the above-mentioned guidelines would result in applicable penalties - first instance it is a warning, and second instance is a 5 runs penalty and third instance would mean ejecting the player (or players) from the game (with no substitutions). If a player who got out already stands at square leg as an official and is observed using a mobile phone to record the game, the batting teams gets penalized 5 runs for every ball of violation.

39. Players will not be allowed to play with shoes with metal spikes in any FCC games when they are trying to bowl or bat on FCC pitches. Use of shoes with metal spikes is allowed only in situations where the player is fielding and does not walk / run into the pitch. The reason for this update is that most of FCC pitches are controlled by the City / County officials and they are observing the carpet getting damaged due to the use of metal spikes. The umpire will have the authority to stop a player from playing with these shoes to prevent any damage to the pitch.

SUBSTITUTIONS/REPLACEMENTS:

1. The fielding team will be allowed to make unlimited replacements ONLY from their 13-player roster. The replacement player can bowl at any time. Player replacement can occur at the fall of a wicket or at the conclusion of an over or in case of an injury to a player from the fielding team. Umpires MUST be notified of all replacements.

ABANDONED MATCHES (INCLEMENT WEATHER):

1. When a match is abandoned due to inclement weather and no ball is bowled, both teams are required to pay half the umpire's fee and half the ground fee.
2. Regular season abandoned games due to inclement weather will NOT be replayed unless every single game scheduled for that week does not yield a result.
3. All Playoff games, including Eliminator, Qualifiers I & II and the relegation game, abandoned due to inclement weather will be rescheduled once. In the event of a second such delay, the team that is ranked higher wins the match up.

CONCEDING MATCHES:

1. Any club unable to field a team or forfeit an FCC scheduled game on three (3) occasions during a single competition will be dropped from the competition.
2. For teams dropping out of the tournament, all games previously played by that team during the competition will remain on the points table. All future games for that team will be forfeited and the opposing team will be awarded points for the win.
3. Individual statistics for games involved against such clubs will remain on record.
4. Any club intending to miss an FCC scheduled game, is required to inform the opposing club and the FCC Executive Committee, by noon on Saturday (by 9 PM on Friday, in case of Saturday Evening / Night games). The opponents in this case would be awarded the full four (4) points and their roster of 13 players will be given a match credit towards playoff player qualification.

5. Any team failing to inform the opposing club and the FCC Executive Committee by the above deadline about their inability to play or if the minimum number of players fail to report at the ground, resulting in forfeiture of a match, that team shall not only be awarded zero points but shall also be penalized \$200, to take care of ground fees, umpiring and other administrative costs. The opponents in this case would be awarded the full four (4) points and their roster of 13 players will be given a match credit towards playoff player qualification. The fine needs to be paid to the FCC being allowed to play the next scheduled FCC match.

DISCIPLINE:

1. Any FCC player who willfully disregards the decision of the umpires or who creates, encourages, or participates in any disturbance on the field of play, the umpire shall execute MCC laws 41 and 42. The player's conduct must be reported to the FCC Executive Committee. The report shall be made by the umpires, the captain of the clubs, or any member of the FCC Executive body. Each report shall be accompanied by a detailed statement of the charge. All reports must be sent to fccflorida.cricket@gmail.com. Concurrently, FCC league commissioner must be notified that a report has been filed.
2. The Executive Committee shall deal with the charges within five (5) days of receipt of the complaint after hearing from the players or players involved.
3. The Executive Committee will make the final decision of actions taken which will be emailed to the individual player or players involved, the club or clubs represented by the player or players.
4. All umpires must file a written report of any misconduct by players. All reports must be sent to fccflorida.cricket@gmail.com
5. All teams (both home & visitor) playing at any location are responsible for cleaning their respective fields after every game. The umpires will review the condition of the field after the completion of every game. If empty bottles are reported to be lying around after the game, both teams involved could get penalized 5 points & will have to pay a fine of \$100.00 to FCC before starting their next scheduled game. FCC is getting reports about teams littering the public parks and hence this measure.
6. **The umpires' decisions are final. Any vilifications or abuse of the umpire, by knocking down the wicket, throwing of pads, bat or gloves, refusal to leave the playing field, persistent intimidation or**

physical contact etc. on or off the field of play, will be subject to the suspension of player or players by the Executive Committee. In the instance of such violation, the umpire shall execute MCC laws #41 and #42 on the field of play.

BALL MANAGEMENT:

1. No substances will be allowed to be used on the cricket balls and that includes Sweat & Spit. We do not want to spread a transmission of cov-19. International Cricket allows the use of sweat as they are in a protected bubble, there is no such protection in FCC organized games.
2. Any player guilty of such practice, the entire TEAM is given a first warning. Any repetition of such practice, by any player in the team, will result in a 5 runs penalty against the fielding team. A third instance of such a practice will result in the player being removed from the game. If a team is bowling first, the offending player cannot come back to bat and the fielding team starts their batting innings at 0 runs with a loss of 1 wicket (or how many ever fielders that get removed from the game due to this infraction).
3. At all instances, the ball must be replaced by the offending team. In the event where the bowling team does not have a similar older ball, the ball MUST be sanitized before being used. Teams are also encouraged to bring sanitizers to clean the ball.
4. Any time delays happening due to these poor ball management will count against the fielding team.
5. Teams are REQUIRED to carry a towel with them and assign a fielder or a set of fielders to clean the ball.
6. The process of sanitizing / replacing the playing cricket ball MUST always happen under the guidance of the Umpire(s).

FIELD MANAGEMENT / CLEANLINESS:

Teams are expected to clean up their trash and remove all empty / half used water bottles in an orderly fashion after the game. The umpires are expected to inspect the field after every game and report accordingly. Any team / teams found to be in violation will be penalized 5 points and will have to pay the league \$200.00 to continue further in the tournament. Umpires are expected to inspect

after every game.

FIELD SETUP:

Home teams are expected to bring their own covers as explained in the **RAIN COVERS FOR PITCH** section of this document. None of these fields will provide a cover to any of the clubs. Please look at the forecast and if you are the assigned HOME team, please plan accordingly. All clubs that DO NOT have a HOME field that they are responsible to manage, are expected to bring a set of Stumps, Bails, Flat Cones (for inner 30-yard circle), Flags for boundaries, Measuring Tape, Chalk & Trash Bags during all their games, this will enable an option to conduct the game without any delays in the event the field representative fails to show up.

Silver Star Bowl:

Silver Star Bowl Address: 2801 N Apopka Vineland Rd, Orlando, FL 32818

This is a manned public park that FCC rents from Orange County to play Cricket. They have a very strict - no alcohol policy so please do not consume any alcoholic beverages when you play at this park. Also do not park your vehicles in the grass area by the pavilion and use ONLY the designated parking areas.

Avalon Park Cricket Ground:

Avalon Park Cricket Ground Address: 3502 Avalon Park West Boulevard Orlando, FL 32828

The team assigned as home MUST complete the set up before toss time. Please bring a trash bag to collect all the empty water bottles after the game.

Please take the trash with you there are no designated Trash bins at Avalon Park. Please refrain from peeing in the bushes at Avalon Park, there have been numerous complaints about Cricket players and ignoring these might lead to the field becoming unavailable to host Cricket in the future. Please do not set up your team's hangout area by the walkway parallel to the pitch, this blocks the walkway for Avalon Park residents who try to use the same to walk / run / skate / bike etc.,

Eaglenest Cricket Oval:

Eaglenest Cricket Oval Address: 5165 Metrowest Blvd, Orlando, FL 32811

If Orlando Cricket Club is not playing a game at this location, a representative from the Club will be there at the field and will provide all the required items to set up the field (Stumps, Bails, Flat Cones, Chalk, Flags for boundaries). After playing the game the home team is expected to collect the above-mentioned items and return the same to the representative from the Club. Both teams playing at this location are expected to bring cash to pay Orlando Cricket Club.

Daytona Cricket Field:

Daytona Cricket Field Address: 1054-1058 Brentwood Drive Daytona Beach FL 32117

If Daytona Tigers Cricket Club is not playing a game at this location, a representative from the Club will be there at the field and will provide all the required items to set up the field (Stumps, Bails, Flat Cones, Chalk, Flags for boundaries). After playing the game the home team is expected to collect the above-mentioned items and return the same to the representative from the Club.

Teams are expected to bring their own trash bags and collect the trash and leave the filled bags at this location.

Poinciana Cricket Ground & Winter Haven Cricket Complex:

Poinciana Cricket Ground Address: 5109 Allegheny Rd, Poinciana, FL 34759

Winter Haven Cricket Complex Address: 50 Coleman Rd, Jan Phyl Village, Winter Haven, FL 33880

Umpires will bring a key to unlock the storage facility which will contain all the items to set up the field. Home teams are highly encouraged to roll the pitch using a roller before the game to have a good experience at these locations. Teams acting as HOME are expected to bring White spray paint along with them and use the template available in the storage rooms to paint the crease before the game. **DO NOT ATTEMPT TO PAINT WITHOUT THE TEMPLATE** - it creates a mess for future use of the Cricket Field. Failure to do all these requirements before toss, could delay the game, which in turn could force the umpire to reduce the number of overs for the HOME team. Please return the items back to storage after the game. Home teams are expected to take a before and after use picture of the storage to ensure that the items have been returned safely back to storage. Both

teams playing at this location are expected to bring cash to pay Poinciana Cricket Club Inc or can send the money via Zelle to Poinciana Cricket Club Inc (Zelle Account: 407 501 0178).

Directions to enter Winter Haven Sports Complex, please follow the red line to enter the park

Judge Alli B Majeed Cricket Complex:

Judge Alli B Majeed Cricket Complex Address: 1951 Malabar Rd, Palm Bay, FL 32907

If Palm Bay Cricket Club is not playing a game at this location, a representative from the Club will be there at the field and will provide all the required items to set up the field (Stumps, Bails, Flat Cones, Chalk, Flags for boundaries). After playing the game the home team is expected to collect the above-mentioned items and return the same to the representative from the Club. Both teams playing at this location are expected to bring cash to pay Palm Bay Cricket Club.

APPENDIX A:

League Recommendations for Mitigating Risk during the COVID-19 Pandemic

Transportation: Players should make every effort to arrive at the ground/facility using their own method of transport. However, where they share a car with individuals outside of their own family or use public transport, then they should always wear a cloth mask.

Temperature Testing: FCC recommends temperature check of all players, team and match officials prior to game commencement; where any player or team or match official has a temperature of 100.4F (or 38c) or higher, then participation in that match should be denied.

Sanitization: Hand cleaning products such as soap and water or sanitizer should be made available to all players at all matches by their respective teams; players are strongly encouraged to bring their own sanitizing products to ensure that they have easy access to such materials.

All players should take steps to clean their hands immediately prior to their participation in the match, immediately after the match and at the innings break.

Team captain should provide the umpires small sanitizing products for use by players from time to time.

Equipment: All sharing of personal cricket equipment or “team kit” **should be strongly discouraged**. Where (particularly for cost reasons) this option cannot be complied with, cricket equipment may be shared if a thorough sanitization process for the equipment after each use is completed. Care should be taken in respect of the shared use and sanitization of helmets.

Umpires **should not** hold kit or equipment for bowlers or any member of the fielding side during the match. Where necessary, such kit should be placed on the ground either immediately behind the wicket-keeper or behind the umpire and appropriate amendments to the playing regulations should be made to address the issue of if/when the cricket ball hits such kit or equipment during a match.

Social Distancing and Facial Covers: There should be no deliberate physical contact at any time or for any reason.

Where any participant (player, coach or otherwise) is unable to maintain 6ft of social distance from another at any point during a training session then cloth masks should be worn during that part of the relevant training session.

Where any participant wishes to wear a facemask even when more than 6ft away from another, they shall be free to do so.

Team Meetings: Follow social distancing guidelines, all players should be 6ft apart in a circle.

Ball Maintenance: No saliva should be applied directly or indirectly on the ball.

Players should always refrain from licking hands/fingers.

Where the League and the participating teams so agree, teams may use two new balls (one from each end) and appropriate rule changes may need to be made to incorporate this practice.

MCC 2019 law 41 will be fully executed by the umpire in respect to ball maintenance, no exceptions.

Batting Partners: Both members of the batting pair should always remain 6 ft away from each other, with particular care to be taken when communicating orally throughout the match.

Wicket Celebrations and Handshakes: There should be no team huddles, hugs, 'high-fives', handshakes, or anything that requires physical contact of any type.

To uphold the spirit of cricket, teams should show their respect and acknowledgement for members of the opposition at the end of a match in an alternative fashion to the traditional handshake, e.g. verbally or through a wave or other suitable gesture.

Batting Team on Sideline: Members of the team should always remain separated by 6ft.

Umpire Standing Position: The umpire at the bowler's end should stand min. 6ft behind stumps to ensure safe distance from the non-striking batter.

Scorers: Scorers should be 6ft apart from one another and bring their own pens, pencils, and devices to score; there should be no shared scoring equipment or devices.

Food & Drinks: All players, parents and spectators should bring their own food to the ground. There should be no sharing of drinks, drinks bottles/containers or food prior to, during, or after the match.

Communal water fountains should not be used.

Parents / Spectators / Volunteers: Individuals should bring their own chairs to the ground if they wish to sit and spectate and remain 6ft apart.

Managing symptoms and incidents of Covid19: Where any individual has played, officiated, or been involved in a competitive match and then subsequently fallen ill or developed symptoms, then that player or official should: (1) report the same to the organizer of the match; (2) seek healthcare support immediately; and (3) follow all local and authority regulatory requirements.

Where any individual has played, officiated or been involved in a competitive match and then subsequently contracts COVID-19, then that player or official should: (1) report the same to the organizer of the match; (2) follow all local and authority regulatory requirements; (3) self-quarantine for a minimum period of 14 days (or such period as they may be advised by any medical practitioner - whichever is longer) before returning to training and/or participating; and (4) provide a copy of a doctor's note confirming that they are clear to participate in such activity.

Where any report of an individual contracted COVID-19 is made, the organizer of the match should: (1) notify all individuals who may have come into contact with the reporting individual; and (2) immediately cease all related activities and carry out a new risk assessment exercise before any further activities are resumed.

Transition of field and facility: There should be no possibility of interaction permitted between groups who have finished a match and those who have arrived for a subsequent match. Such separation can be enforced using extra time between matches or providing different waiting areas.

Players should arrive at sessions ready to commence activity immediately and should disperse promptly once any such session has concluded.

An appropriate amount of time should be scheduled in-between matches to allow for the appropriate cleaning of all facilities and equipment.

Ensuring compliance: One official from each team should be appointed prior to each match to be responsible for ensuring the compliance of these guidelines (and/or any other relevant guidelines) by his/her team throughout the match.

Leagues should develop protocols for dealing with the deliberate and/or repeated transgression of relevant guidelines by players or teams.

For the purposes of supporting potential contact tracing, the individual assigned responsibility for ensuring compliance should keep a record of all persons in attendance at each match.

Player Waiver: All players should be required to sign an assumption of risk, release and waiver of liability and indemnity agreement relating to Covid-19 exposure, Covid-19 liability, and Covid-19 risks. Any such waiver should be drafted in accordance with local state laws and provisions.

APPENDIX B:

Procedure for the Super Over:

1. Each side bats for six balls under the restrictions same as the final over in a normal game.
2. The team that bats second in the match will bat first in the Super Over.
3. Each side must decide on which three players will bat, meaning that the loss of two wickets ends the Super Over.
4. The chosen three batsmen cannot bowl in the super over.
5. If the scores are tied in the super over, another Super Over will be played until a winner is determined. The team that chased in the first super over, will now set the score to be chased in the second super over.

APPENDIX C:

Guidelines for moving games based on poor condition of any fields in any location:

1. If any field is in a bad condition to play and FCC Management gets to know about it before game day, the matchup could be switched to any of the available fields.
2. Start times will not be changed - only the location will change.
3. Teams that cannot put a team together due to the change in location, will forfeit their game (team available to play gets the Win), but will not lose 4 points and this forfeit will not count towards the count with respect to number of forfeits, since this move is a last minute one.
4. All communications with respect to location changes will happen on Saturday or earlier.
5. Teams are expected to be ready to accommodate these last-minute shuffles.
